

**CHILD CARE AND DEVELOPMENT FUND PLAN  
FOR MISSOURI  
FFY 2008-2009**

This Plan describes the CCDF program to be conducted by the State for the period 10/1/07 – 9/30/09. As provided for in the applicable statutes and regulations, the Lead Agency has the flexibility to modify this program at any time, including changing the options selected or described herein.

The official text of the applicable laws and regulations govern, and the Lead Agency acknowledges its responsibility to adhere to them regardless of the fact that, for purposes of simplicity and clarity, the specific provisions printed herein are sometimes paraphrases of, or excerpts and incomplete quotations from, the full text.

---

Public reporting burden for this collection of information is estimated to average 165 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**(Form ACF 118 Approved OMB Number: 0970-0114 expires [DATE])**

## TABLE OF CONTENTS

### AMENDMENTS LOG

PART 1	ADMINISTRATION
1.1	Lead Agency Information
1.2	State Child Care (CCDF) Contact Information
1.3	Estimated Funding
1.4	Estimated Administration Cost
1.5	Administration of the Program
1.6	Use of Private Donated Funds
1.7	Use of State Pre-Kindergarten (Pre-K) Expenditures for CCDF-Eligible Children
1.8	Improper Payments
PART 2	DEVELOPING THE CHILD CARE PROGRAM
2.1	Consultation and Coordination
2.2	Public Hearing Process
2.3	Public-Private Partnerships
PART 3	CHILD CARE SERVICES OFFERED
3.1	Description of Child Care Services
3.2	Payment Rates for the Provision of Child Care
3.3	Eligibility Criteria for Child Care
3.4	Priorities for Serving Children and Families
3.5	Sliding Fee Scale for Child Care Services
PART 4	PARENTAL RIGHTS AND RESPONSIBILITIES
4.1	Application Process / Parental Choice
4.2	Records of Parental Complaints
4.3	Unlimited Access to Children in Child Care Settings
4.4	Criteria or Definitions Applied by TANF Agency to Determine Inability to Obtain Child Care
PART 5	ACTIVITIES & SERVICES TO IMPROVE THE QUALITY AND AVAILABILITY OF CHILD CARE
5.1	Quality Earmarks and Set-Asides
5.2	<i>Good Start, Grow Smart</i> Planning and Development

PART 6 HEALTH AND SAFETY REQUIREMENTS FOR PROVIDERS  
(50 States & District of Columbia only)

- 6.1 Health and Safety Requirements for Center-based Providers
- 6.2 Health and Safety Requirements for Group Home Providers
- 6.3 Health and Safety Requirements for Family Child Care Providers
- 6.4 Health and Safety Requirements for In-Home Providers
- 6.5 Exemptions to Health and Safety Requirements
- 6.6 Enforcement of Health and Safety Requirements
- 6.7 Exemptions from Immunization Requirements

PART 7 HEALTH AND SAFETY REQUIREMENTS IN THE TERRITORIES

- 7.1 Health and Safety Requirements for Center-based Providers in the Territories
- 7.2 Health and Safety Requirements for Group Home Providers in the Territories
- 7.3 Health and Safety Requirements for Family Child Care Providers in the Territories
- 7.4 Health and Safety Requirements for In-Home Providers in the Territories
- 7.5 Exemptions to Territorial Health and Safety Requirements
- 7.6 Enforcement of Territorial Health and Safety Requirements
- 7.7 Exemptions from Territorial Immunization Requirements

APPENDIX 1 -- PROGRAM ASSURANCES AND CERTIFICATIONS

APPENDIX 2 -- ELIGIBILITY AND PRIORITY TERMINOLOGY

APPENDIX 3 -- ADDITIONAL CERTIFICATIONS (on file - not included here)

REQUIRED ATTACHMENTS

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

**AMENDMENTS LOG**  
Child Care and Development Services Plan for  
For the period: 10/1/07 – 9/30/09

SECTION AMENDED	EFFECTIVE/ PROPOSED EFFECTIVE DATE	DATE SUBMITTED TO ACF	DATE APPROVED BY ACF

**Instructions:**

- 1) Lead Agency completes the first 3 columns and sends a photocopy of this Log (showing the latest amendment sent to ACF) and the amended section(s) to the ACF Regional contact. A copy of the Log, showing the latest amendment pending in ACF, is retained in the Lead Agency's Plan.
- 2) ACF completes column 4 and returns a photocopy of the Log to the grantee.
- 3) The Lead Agency replaces this page in the Plan with the copy of the Log received from ACF showing the approval date.

Note: This process depends on repeated subsequent use of the same Log page over the life of the Plan. At any time the Log should reflect all amendments, both approved and pending in ACF. The Lead Agency is advised to retain those "old" plan pages that are superseded by amendments in a separate appendix to its Plan.

## **PART 1**

### **ADMINISTRATION**

The agency shown below has been designated by the Chief Executive Officer of the State (or Territory), to represent the State (or Territory) as the Lead Agency. The Lead Agency agrees to administer the program in accordance with applicable Federal laws and regulations and the provisions of this Plan, including the assurances and certifications appended hereto. (658D, 658E)

#### **1.1 Lead Agency Information** (as designated by State chief executive officer)

Name of Lead Agency: Department of Social Services  
Address of Lead Agency: P.O. Box 1527, Jefferson City, MO 65102-1527  
Name and Title of the Lead Agency's Chief Executive Officer:  
Deborah E. Scott, Director  
Phone Number: (573)751-4815  
Fax Number: (573)751-3203  
E-Mail Address: Deborah.E.Scott@dss.mo.gov  
Web Address for Lead Agency (if any): www.dss.mo.gov

#### **1.2 State Child Care (CCDF) Contact Information** (day-to-day contact)

Name of the State Child Care Contact (CCDF): Doris Hallford  
Title of State Child Care Contact: Deputy Director, Children's Division  
Address: P.O. Box 88, Jefferson City, MO 65103-0088  
Phone Number: (573)751-6793  
Fax Number: (573)526-9586  
E-Mail Address: Doris.Hallford@dss.mo.gov  
Phone Number for child care subsidy program information (for the public) (if any):  
(573)522-1385  
Web Address for child care subsidy program information (for the public) (if any):  
[http://www.dss.mo.gov/pr\\_cs.htm](http://www.dss.mo.gov/pr_cs.htm).

#### **1.3 Estimated Funding**

The Lead Agency estimates that the following amounts will be available for child care services and related activities during the 1-year period: October 1, 2007 through September 30, 2008. (§98.13(a))

CCDF: \$94,426,896  
Federal TANF Transfer to CCDF: \$22,785,613  
Direct Federal TANF Spending on Child Care: \$00  
State CCDF Maintenance of Effort Funds: \$16,548,755  
State Matching Funds: \$18,702,309  
Total Funds Available: \$152,463,573

#### **1.4 Estimated Administration Cost**

The Lead Agency estimates that the following amount (and percentage) of Federal CCDF and State Matching Funds will be used to administer the program (not to exceed 5 percent): \$ 1,544,980 (2%). (658E(c) (3), §§98.13(a), 98.52)

#### **1.5 Administration of the Program**

Does the Lead Agency directly administer and implement all services, programs and activities funded under the CCDF Act, including those described in Part 5.1 – Activities & Services to Improve the Quality and Availability of Child Care, Quality Earmarks and Set-Aside?

- ☐ Yes.
- ☒ No. If no, use the table below to **identify** the name and type of agency that delivers services and activities. (If the Lead Agency performs the task, mark “n/a” in the box under “Agency.” If more than one agency performs the task, identify all agencies in the box under “Agency,” and **indicate** in the box to the right whether each is a non-government entity.)

<b>Service/Activity</b>	<b>Agency</b>	<b>Non-Government Entity (see Guidance for definition)</b>	
Determines individual eligibility:			
a) TANF families	N/A	<input type="checkbox"/> Yes	<input type="checkbox"/> No
b) Non-TANF families	N/A	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Assists parents in locating care	Missouri Child Care Resource and Referral Network (MOCCRRN)	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
Makes the provider payment	N/A	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Quality activities	Departments of Elementary and Secondary Education (DESE) and Health and Senior Services (DHSS)	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Other: Quality activities	Educare-A training and technical assistance resource OPEN-The state's professional development system	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No

If the Lead Agency uses outside agencies to deliver services and activities, **describe** how the Lead Agency maintains overall control.

DSS reserves the right to use funding, in addition to the quality funding contracted to DHSS and DESE, for such projects or pilots that support the activities of the state's child care

programs in the course of implementing family self sufficiency and to enhance the quality of child care for Missouri's families. Examples of programs currently supported are ongoing grants to the Missouri Child Care Resource and Referral Network, Educare, and our state professional development system OPEN (Opportunities in a Professional Educational Network).

The Department of Social Services will monitor the terms of the agreements with DHSS and DESE. The monitoring activities will entail, at a minimum, an annual accounting of activities as defined in the respective Memoranda of Understanding with each department. Additionally, outcomes and benchmarks are measured, on an annual basis, as they relate to each department's state strategic plan.

The Departments of Health and Senior Services and Elementary and Secondary Education will monitor the individual grants awarded from the quality funding each department receives from DSS. Appeals, hearings and/or complaints will be handled at the DESE and DHSS level with the final appeal process to be the responsibility of DSS.

All other funds are administered directly by the Department of Social Services.

#### **1.6 Use of Private Donated Funds**

Will the Lead Agency use private funds to meet a part of the matching requirement of the CCDF pursuant to §98.53(e)(2)?

- ☐ Yes. If yes, are those funds:
- ☐ Donated directly to the State?
  - ☐ Donated to a separate entity or entities designated to receive private donated funds?

How many entities are designated to receive private donated fund? \_\_\_\_\_

Provide information below for each entity:

Name:  
Address:  
Contact:  
Type:

- ☒ No.

#### **1.7 Use of State Pre-Kindergarten (Pre-K) Expenditures for CCDF-Eligible Children**

1.7.1 During this plan period, will State expenditures for Pre-K programs be used to meet any of the CCDF maintenance of effort (MOE) requirement?

☐ Yes, and:

( ) The State assures that its level of effort in full day/full year child care services has not been reduced, pursuant to §98.53(h)(1).

(\_\_ %) Estimated percentage of the MOE requirement that will be met with pre-K expenditures. (Not to exceed 20%.)

If the State uses Pre-K expenditures to meet more than 10% of the MOE requirement, the following **describes** how the State will coordinate its Pre-K and child care services to expand the availability of child care (§98.53(h)(4)):

☒ No.

1.7.2 During this plan period, will State expenditures for Pre-K programs be used to meet any of the CCDF Matching Fund requirement? (§98.53(h))

☐ Yes, and

(\_\_%) Estimated percentage of the Matching Fund requirement that will be met with pre-K expenditures. (Not to exceed 30%.)

If the State uses Pre-K expenditures to meet more than 10% of the Matching Fund requirement, the following **describes** how the State will coordinate its Pre-K and child care services to expand the availability of child care (§98.53(h)(4)):

☒ No.

1.7.3 If the State answered yes to 1.7.1 or 1.7.2, the following **describes** State efforts to ensure that pre-K programs meet the needs of working parents: (§98.53(h)(2))

## **1.8 Improper Payments**

1.8.1 How does the Lead Agency define improper payments?

## **DEFINITION**

Improper payments for the child care program are defined as any payments made in error to a child care provider on behalf of families receiving child care assistance. Improper payments are identified as the result of intentional program violations (fraud) or inadvertent errors made by child care providers, families utilizing child care subsidy, and/or the agency responsible for determining eligibility.

## **CHILD CARE PROVIDER OVERPAYMENTS**

- Actions resulting in the issuance of an overpayment to providers:
  - Provider bills for services in a service month in which a child is not in attendance;
  - Provider bills for higher level of care than a child authorized for;
  - Provider bills extra days in lieu of parent's payment to the provider;
  - Provider claims absences in lieu of holidays;
  - Provider uses all holidays for the year, and then submits absences to cover additional holidays/vacation days;
  - Provider bills for erroneous care and splits the payment with a second party;
  - Provider registers using false information;
  - Provider uses erroneous tax id;
  - Provider sub contracts subsidy care services;
  - Provider is registered, but does not provide care;
  - Provider does not comply with their registration agreement/contract with the state;
  - Provider does not keep attendance records on children they submit for payment.

## **ELIGIBLE HOUSEHOLD OVERPAYMENTS**

The following situations result in eligible household overpayments:

- Changes in household circumstances that affect eligibility are not reported timely;
- Verification is falsified;
- Complicity with provider to receive overpayment.

## **AGENCY BASED OVERPAYMENTS**

Agency based overpayments are defined as:

- Staff fails to act timely on reported changes from any source;
- Staff fails to act timely on information available to the agency;
- Staff authorizes a child for the incorrect number of units of care;
- Staff fails to verify eligibility requirements for eligible households;
- Staff fails to verify eligible provider requirements.

- 1.8.2 Has your State implemented strategies to prevent, measure, identify, reduce and/or collect improper payments? (§98.60(i), §98.65, §98.67)

☒ Yes, and these strategies are:

DSS has implemented several system edits to the automated child care eligibility and payment systems for Children's Division and Family Support Division staff. Such edits allows the system to identify and block any child authorization that

exceeds the allowed number of unrelated children to a license exempt family home provider. In addition, the automated eligibility system limits the number of full time/daytime units of care authorized for a child over the age of seven, which prevents a provider from claiming a full month's reimbursement for children attending school.

DSS works closely with both the child care licensing agency and the Child and Adult Care Food Program to identify and investigate potentially fraudulent situations. DSS has also implemented a Contract Compliance Review Team (CCRT) which randomly reviews subsidized child care providers each month. The review process includes a review of invoicing and attendance recording practices. Results and recommendations from these reviews are provided to the child care subsidy administrator for corrective action.

Identification procedures: Processes are in place to:

- review the billing practices of facilities receiving payments of \$25,000 or more per month;
- conduct random billing reviews by CCRT of any participating provider in the subsidy program;
- random license capacity checks of licensed facilities by CCRT, and;
- random review of Child and Adult Care Food Program records by CCRT.

Collection of improper payments: Primary method of collection is by recoupment, which is handled by our integrated system to ensure proper collection and reporting of income at the end of the tax year. If the provider no longer receives reimbursement from the state, direct payments are accepted by DSS.

Fraud: The Department of Social Services, Division of Legal Services/Welfare Investigation Unit investigates referrals from staff to determine when CCDF funds were fraudulently received and processes these actions through the court system.

☐ No. If no, are there plans underway to determine and implement such strategies?

☐ Yes, and these planned strategies are:

☐ No.

## PART 2 DEVELOPING THE CHILD CARE PROGRAM

### 2.1 Consultation and Coordination

- 2.1.1 Lead Agencies are required to *consult* with appropriate agencies and *coordinate* with other Federal, State, local, tribal (if applicable) and private agencies providing child care and early childhood development services (§98.12, §98.14(a),(b), §98.16(d)). **Indicate** the entities with which the Lead Agency has consulted or coordinated (as defined below), by checking the appropriate box(es) in the following table.

*Consultation* involves the meeting with or otherwise obtaining input from an appropriate agency in the development of the State Plan. At a minimum, Lead Agencies must consult with representatives of general purpose local governments (noted by the asterisk in the chart below).

*Coordination* involves the coordination of child care and early childhood development service delivery, including efforts to coordinate across multiple entities, both public and private (for instance, in connection with a State Early Childhood Comprehensive System (SECCS) grant or infant-toddler initiative). At a minimum, Lead Agencies must coordinate with (1) other Federal, State, local, Tribal (if applicable), and/or private agencies responsible for providing child care and early childhood development services, (2) public health (including the agency responsible for immunizations and programs that promote children's emotional and mental health), (3) employment services / workforce development, (4) public education, (5) Temporary Assistance for Needy Families (TANF), and (6) any Indian Tribes in the State receiving CCDF funds (noted by the asterisks in the chart below).

	<b>Consultation in Development of the Plan</b>	<b>Coordination with Service Delivery</b>

Emergency preparedness <sup>o</sup>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other (See guidance):	<input type="checkbox"/>	<input checked="" type="checkbox"/>

\* *Required.*

**For each box checked above, (a) identify the agency providing the service and (b) describe the consultation and coordination efforts.** Descriptions must be provided for any consultation or coordination required by statute or regulation.  
<sup>o</sup> If you have prepared an emergency preparedness plan related to your child care and early childhood development services, attach it as **Attachment 2.1.1**.

**PROGRAM CONSULTATION:**

Program consultation is accomplished through the Department of Social Services Child Care Advisory Committee (DSS/CCAC). The DSS/CCAC consists of representation from state and local government/non-government entities having interest in child care issues (a member roster is included as Attachment 2.1.2). The purpose of the DSS/CCAC is to inform the lead agency on critical issues relating to the administration of the child care assistance program.

In addition to the DSS/CCAC, there are several existing venues in the state that address child care issues, either exclusively or as part of a larger mission for Missouri's children. As part of program development and improvement, Department of Social Services seeks guidance from these groups in their existing context as well as engaging specific member representation when specific issues are to be addressed. Key groups include:

1. The Children's Service Commission;
2. The Early Childhood Interagency Team;
3. The Head Start State Collaboration Board;
4. The State Head Start Association Council;

5. The State Opportunities for Professional Education Network (OPEN) Stakeholder Team;
6. The Missouri Accreditation Board;
7. The Metropolitan Council on Early Learning/Bi-State QRS Steering Committee;
8. The Missouri Quality Rating System Steering Committee;
9. The Early Childhood Comprehensive Systems Steering Committee;
10. The Strengthening Families Leadership Team;
11. The Children's Comprehensive Mental Health System Advisory Board;
12. Various other ad hoc groups as needed.

Over the past two years, the specific issues members of these groups have addressed include the development and piloting of a quality rating system; the administration of the child care eligibility program; creating a strategic plan for an Early Childhood Comprehensive System; and the establishment of the Early Childhood Coordinating Board.

The Early Childhood Coordinating Board's function is to serve as gatekeeper for all early childhood activities in Missouri and to provide coordination between the respective Departments who have administrative responsibilities for the care and education of Missouri's youngest children from birth to age five. The Board is staffed by appointment of the Governor.

The Early Childhood Interagency Team (ECIT) and the Head Start State Collaboration Board both provide guidance in the coordination of early childhood activities in the state. The ECIT has representation from each department with early childhood responsibilities; Departments of Social Services, Mental Health, Health and Senior Services, and Elementary and Secondary Education, Higher Education and Head Start. The purpose of the group is to share information and provide consultation in the ongoing policies and procedures as they relate to young children. Members of ECIT and the Head Start State Collaboration Board, in coordination with the Metropolitan Council on Early Learning and OPEN (Opportunities in a Professional Education Network) have been involved with the development and piloting of a quality rating system in Missouri that will establish levels of program competencies and assign a respective rating to participating child care programs. The intent is to provide a system of quality that is easy to identify and will assist parent's in making informed child care decisions.

#### PROGRAM COORDINATION:

##### **Public Health:**

The Department of Health and Senior Service and Department of Mental Health coordinate with DSS in identifying statewide indicators for school readiness and on many other joint ventures. The expected results are an agreed upon set of indicators for school readiness that include physical, social and

emotional well-being as well as a collaborative plan for improving the outcomes for Missouri children as measured by the identified indicators.

DSS is also a key stakeholder in the Maternal and Child Family Health, Early Childhood Comprehensive Systems Steering Committee.

**Employment Services:**

DSS coordinates with the Family Support Division and the Department of Economic Development in the development of policies and procedures that support families who transition from public assistance to employment-related activities. The expected result is a working environment between the agencies that will foster continued support for working families in Missouri.

**Public Education:**

DSS continues coordination with Department of Elementary and Secondary Education (DESE) to support the creation of a strong early childhood system. The expected result is a seamless system of early learning from birth to school entry as well as establishing school readiness indicators that align with DESE's K-12 standards.

**TANF:**

Both CCDF and TANF reside in the same department. CCDF coordinates with TANF through policy decisions that affect families accessing child care and TANF. The expected result is for families to become strong and self-sufficient and to have access to quality child care that supports the family's need to work as well as the child's development.

**State Pre-K Programs:**

DSS and DESE jointly administer the portion of gaming funds set aside in the Early Childhood Development Education and Care Fund with DSS focusing on the birth to three population and DESE focusing on the three to five population. DSS continues coordination with Department of Elementary and Secondary Education through the Missouri Pre-School Project. The expected result is to have a seamless system of early learning from birth to school entry.

**Head Start Programs:**

DSS coordinates with Head Start programs in Missouri through the Missouri Head Start Collaboration Office, as well as the state-funded Early Head Start/Child Care Partnership program. The expected result is maximizing resources to support the health, well being, and early education of low-income children and their families.

**Programs that promote inclusion for children with disabilities**

The Departments of Mental Health, Health and Senior Services, and Elementary and Secondary Education and Social Services coordinate in identifying statewide indicators and supports for childhood well-being and early intervention for children with disabilities through the First Steps program. Inclusion coordinators are on staff at the eight Resource and Referral agencies to connect and provide services to families and child care providers caring for children with special needs. The expected results are a better understanding of issues around access and inclusion for children with special needs and increasing the capacity of child care programs to offer inclusive services.

**Child Welfare:**

The Children's Division, Early Childhood and Prevention Services Section continues its efforts to embed the philosophies of high quality early care and education into the practices of child well being and the prevention of child abuse/neglect. The Early Childhood and Prevention Services Section coordinates program activities with child welfare that address;

- appropriate child care for protective services children,
- back ground screening requirements for child care providers as well as foster care providers,
- payment processes for child care providers of protective services children, and most critically,
- child abuse/neglect prevention services.

Missouri is one of seven states selected as a recipient of the Strengthening Families Initiative technical assistance grant through the Center for the Study of Social Policy and funded by the Doris Duke Charitable Foundation. The Strengthening Families Initiative is an approach for preventing and reducing child abuse and neglect using evidence based early childhood strategies. Pilot sites have been established. The five protective factors identified by the initiative are now embedded in various programs, grants and other early childhood initiatives, as well as child welfare staff training. Through this initiative, a bridge will be created linking early childhood and child welfare practices that is expected to positively impact the reduction of child abuse and neglect incidents in the state. Information about this initiative may be found at [www.cssp.org](http://www.cssp.org).

- 2.1.2 State Plan for Early Childhood Program Coordination. *Good Start, Grow Smart* encourages States to develop a plan for coordination across early childhood programs. **Indicate** which of the following best describes the current status of the State's efforts in this area. **Note: Check only ONE.**

- ☐ **Planning.** Indicate whether steps are under way to develop a plan. If so, describe the time frames for completion and/or implementation, the steps anticipated, and how the plan is expected to support early language, literacy, pre-reading and early math concepts.
- ☐ **Developing.** A plan is being drafted.  
The draft is included as **Attachment 2.1.2.**
- ☐ **Developed.** A plan has been written but has not yet been implemented.  
The plan is included as **Attachment 2.1.2.**
- ☐ **Implementing.** A plan has been written and is now in the process of being implemented. The plan is included as **Attachment 2.1.2.**
- ☒ **Other (describe):**

See Attachment 2.1.2 for current status of Missouri's implementation of our Pre-K standards.

**Describe** the progress made by the State planning for coordination across early childhood programs since the date of submission of the 2006-2007 State Plan.

Please refer to section 2.1.1

The establishment of the Early Childhood Coordinating Board will ensure unilateral coordination of all early childhood programs in the development and implementation of an Early Childhood Comprehensive System. The ECCS initiative has each of the Missouri Pre-K standard domains embedded into its strategic plan. In addition, the Quality Rating System in Missouri is built on the foundation of the Missouri Pre-K standards to assess when and how an early childhood program progresses through the different tiered levels of quality.

**Indicate** whether there is an entity that is responsible for ensuring that such coordination occurs. Indicate the four or more early childhood programs and/or funding streams that are coordinated and describe the nature of the coordination.

The Early Childhood Interagency Team (ECIT) and the Head Start State Collaboration Board both provide guidance in the coordination of early childhood activities in the state including the coordination of the Missouri Pre-K standards. The ECIT has representation from each department with early childhood responsibilities; Departments of Social Services, Mental Health, Health and Senior Services, and Elementary and Secondary Education, Higher Education and Head Start.

**Describe** the results or expected results of this coordination. Discuss how these results relate to the development and implementation of the State's early learning guidelines, plans for professional development, and outcomes for children.

Please refer to section 2.1.1 and Attachment 2.1.2.

One other result of coordination during the 2003/2004 period has been Missouri's involvement with the School Readiness Indicator Initiative. Missouri is one of 17 states that participating in the project which is sponsored by the Kauffman, Packard and Ford Foundations. The result of the initiative was to establish a statewide set of measurements for school readiness that each of the state departments and Head Start agreed upon. Information from this initiative may be found at [www.gettingready.org](http://www.gettingready.org).

Each agency on the ECIT team agreed to be responsible for providing the Missouri Pre-K Standards, the teacher handbooks, and the parent handbooks to their respective training entities to distribute to any provider they come in contact with.

The overall anticipated results are an increase in school readiness and a reduction in child abuse and neglect.

**Describe** how the State's plan supports or will support continued coordination among the programs. Are changes anticipated in the plan?

As the Early Childhood Coordinating Board continues its work, there may be recommendations to improve and enhance our current system. As those recommendations come forth, they will be incorporated to the state plan for professional development and coordination as appropriate.

## **2.2 Public Hearing Process**

**Describe** the Statewide public hearing process held to provide the public an opportunity to comment on the provision of child care services under this Plan. (658D(b)(1)(C), §98.14(c)) At a minimum, the description must provide:

Date(s) of statewide notice of public hearing: May 10, 2007

Manner of notifying the public about the statewide hearing: Notice was mailed to all child care providers who participate in child care subsidy via paper invoices and on the message board for those who submit attendance through the Child Care On Line Invoicing System. Notice of Public Hearing has been posted on the Office of Administrations web site for open meeting notices:

<http://www.oa.mo.gov/co/oanews/>. Notice of public hearing was posted on the DSS internet home page on May 10, 2007.

Date(s) of public hearing(s): May 31, June 2, June 4, June 5, June 6, June 13, and June 14, 2007.

Hearing site(s): Jefferson City, Columbia, St. Louis, Cape Girardeau, Springfield, St. Joseph, and Kansas City.

How the content of the plan was made available to the public in advance of the public hearing(s): A draft copy of the proposed plan is published on the DSS internet home page at [www.dss.mo.gov](http://www.dss.mo.gov).

A brief summary of the public comments from this process is included as **Attachment 2.2**.

## **2.3 Public-Private Partnerships**

Does the Lead Agency conduct or plan to conduct activities to encourage public-private partnerships that promote private-sector involvement in meeting child care needs?

Yes. If yes, **describe** these activities or planned activities, including the results or expected results.

The Department of Social Services is involved in several projects to develop and strengthen public-private partnerships around early childhood issues, including meeting child care needs, improving early learning experiences, and strengthening family relationships.

- The Coordinating Board for Early Childhood focuses on the advancement of an early childhood system in the state. One of the expected results of this board is to increase awareness and leverage public and private support for early childhood efforts. The Board has a statutory charge to create a statewide system of care for children.
- The state continues to partner with TEACH to offer educational opportunities to child care professionals. TEACH is offered in limited areas in the state with at least one location operating the program as a public-private partnership through matched funding by local private businesses.
- There are twenty-one Caring Community Partnerships throughout the state whose purpose is to improve outcomes for children and families. These entities create collaborations locally and partner with the state to maximize resources and achieve specified results. The partnerships are publicly funded through the Department of Social Services and have a strong focus on early childhood activities. One expected result is to have community ownership and involvement in early childhood issues.
- The Missouri Resource and Referral Network promotes business involvement by providing technical assistance to the business community on developing and/or supporting child care programs for employees. The intent is to encourage business involvement to assist in increasing the capacity for child care that supports families working.
- The Missouri Resource and Referral Network developed a plan for a Business Development Center and a revolving loan fund that will provide technical assistance to child care providers on the aspects of becoming successful and sustainable businesses. The plan has been developed through the collaboration of various state and business partners under the guidance of the Development Corporation for Children based in Minneapolis, Minnesota. The expected result of this initiative is to increase the number of sustainable child care businesses in Missouri, create more business training opportunities for child care practitioners, create a concrete venue for businesses to invest in child care, and increase the availability of child care choices for parents.

☐ No.

## **PART 3**

### **CHILD CARE SERVICES OFFERED**

#### **3.1 Description of Child Care Services**

##### **3.1.1 Certificate Payment System**

**Describe** the overall child care certificate process, including, at a minimum:

- (1) a description of the form of the certificate (98.16(k));
- (2) a description of how the certificate program permits parents to choose from a variety of child care settings by explaining how a parent moves from receipt of the certificate to choice of the provider; (658E(c)(2)(A)(iii), 658P(2), 98.2, 98.30(c)(4) & (e)(1) & (2)) and
- (3) if the Lead Agency is also providing child care services through grants and contracts, estimate the proportion of \$98.50 services available through certificates versus grants/contracts, and explain how it ensures that parents offered child care services are given the option of receiving a child care certificate. (98.30(a) & (b)) This may be expressed in terms of dollars, number of slots, or percentages of services.

At the time eligibility for services is approved, the eligible family receives a pre-printed voucher/authorization letter listing the parent and child names, and the authorization dates.

Attachment 3.1.1(1) is an example of a system generated approval letter to an eligible parent that state:

- The child care assistance eligibility begin and end dates;
- names of children eligible for child care subsidy;
- sliding fee rate per child;
- administrative hearing rights;
- local legal services agency name, address, and telephone number; and,
- the agency caseworker's name and telephone number.

If the parent has selected a child care provider prior to the eligibility determination and indicated the name of the provider on their application for subsidy, the parent's system generated notice contains:

- parent and child names;
- child eligibility begin and end dates;
- name of selected provider;
- sliding fee rates;
- special needs indicator;
- level of care for the child;
- family income considered in the eligibility determination;
- administrative hearing rights;
- reporting requirements; and,

- agency caseworker's name and telephone number.
- See Attachment 3.1.1(2)

In addition to the system generated notification of eligibility to the family, a notice of eligibility is also mailed to the selected provider. This notice contains the child's name, eligibility begin and end dates, level of care for child, sliding fee per child, and, subsidy agency caseworker/telephone number.

The parent may take their authorization letter to their provider of choice along with the Provider Registration documents. If the selected provider is not currently licensed or registered, the parent presents the Provider Registration documents to the provider for completion. These must be returned to the lead agency prior to payment to a provider on behalf of an eligible family.

The Provider Registration documents are:

- Provider Registration Form, Attachment 3.1.1(3);
- Information about Registration, Health and Safety Certification, Background Screening, and Invoicing, Attachment 3.1.1(4);
- Health and Safety Certification Form, Attachment 3.1.1(5);
- Child Care Provider Agreement Form, Attachment 3.1.1(6);
- Child Care Voucher Participant Agreement Information Form, Attachment 3.1.1(7); and,
- Background Screening Form, Attachment 3.1.1(8).

**Attach** a copy of your eligibility worker's manual, policy handbook, or other printed guidelines for administering the child care subsidy program as **Attachment 3.1.1**. If these materials are available on the web, the State may provide the appropriate Web site address in lieu of attaching hard copies to the Plan.

Note: Eligibility worker's manuals, policy handbooks, or other printed guidelines for administering a child care subsidy program will be used for reference purposes only. Documents provided by Lead Agencies pursuant to this section will not be uniformly or comprehensively reviewed and will not be considered part of the Plan. All information required to be part of the Plan must continue to be set forth in the Plan.

The Child Care Manual may be accessed via the Department of Social Services home web site at <http://www.dss.mo.gov/fsd/iman/chldcare/cctoc.html>.

- 3.1.2 In addition to offering certificates, does the Lead Agency also have grants or contracts for child care slots?

☐ Yes, and the following **describes** the types of child care services, the process for accessing grants or contracts, and the range of providers that will be available through grants or contracts: (658A(b)(1), 658P(4), §§98.16(g)(1), 98.30(a)(1) & (b))

☒ No.

3.1.3 The Lead Agency must allow for in-home care but may limit its use. Does the Lead Agency limit the use of in-home care in any way?

☐ Yes, and the limits and the reasons for those limits are: (§§98.16(g)(2), 98.30(e)(1)(iv))

☒ No.

3.1.4 Are child care services provided through certificates, grants and/or contracts offered throughout the State? (658E(a), §98.16(g)(3))

☒ Yes.

☐ No, and the following are the localities (political subdivisions) and the services that are not offered:

### **3.2 Payment Rates for the Provision of Child Care**

The statute at 658E(c)(4) and the regulations at §98.43(b)(1) require the Lead Agency to establish payment rates for child care services that ensure eligible children equal access to comparable care.

These rates are provided as **Attachment 3.2A**.

The attached payment rates were or will be effective as of March 1, 2007.

**Provide** a summary of the facts relied on by the State to determine that the attached rates are sufficient to ensure equal access to comparable child care services provided to children whose parents are not eligible to receive child care assistance under the CCDF and other governmental programs. Include, at a minimum:

- The month and year when the local market rate survey(s) was completed: December 2006. (§98.43(b)(2))
- A copy of the **Market Rate Survey instrument** and a **summary of the results** of the survey are provided as **Attachment 3.2B**. At a minimum, this summary should include a description of the sample population, data source, the type of

methodology used, response rate, description of analyses, and key findings (**See Guidance for additional information.**)

The Market Rate Survey results may also be found at  
[http://www.dss.mo.gov/pr\\_cs.htm](http://www.dss.mo.gov/pr_cs.htm).

- Does the Lead Agency use its **current** Market Rate Survey (a survey completed within the allowable time period –10/1/05 -9/30/07) to set payment rates?

☒ Yes.

☐ No.

**At what percentile of the current Market Rate Survey is the State rate ceiling set?** If you do not use your current Market Rate Survey to set your rate ceilings or your percentile varies across categories of care (e.g., type of setting, region, age of children), describe and provide the range of variation in relation to your current survey. (**See Guidance for additional information.**)

A recent rate increase to licensed and inspected child care providers, including center, group and family home providers, has adjusted the percentile that rates are set at in comparison to the current survey (see **Attachment 3.2C**). In order to be responsive to the child care market, rates are set based on the age of the child, hours of care, facility type, and geographical area of the state.

The current ceiling for licensed centers is in the 21<sup>st</sup> percentile and licensed family homes ceiling is in the 13th percentile. Because of the very limited number of group homes in the state, establishing a percentile for group homes is not representative and not reported on the 2006 Market Rate Survey.

However, these percentiles reflect our base rates only. Missouri provides rate enhancements for providers meeting certain criteria.

- Licensed providers caring for 50% or more state subsidized children receive a 30% disproportionate share enhancement added to their base rate. So for example, while the licensed child care center base rate ceiling stands at the 21<sup>st</sup> percentile at \$27.04 per day, with this 30% enhancement the rate would increase to \$35.15. The 75<sup>th</sup> percentile equates to \$40.00.
- Providers who become accredited receive a 20% enhancement to their base rate.
- Providers who provide evening and weekend care receive a 15% enhancement to their base rate.
- Special needs children's base rates are enhanced by 25%.

Rate enhancements are cumulative, so in effect, if eligible for the 30% disproportionate share enhancement and the 20% accreditation enhancement, a provider would receive a 50% enhancement to their base rate.

Approximately 40% of Missouri subsidized children are cared for in license exempt registered family home care (Family Friend and Neighbor care) meaning that they are cared for by providers caring for 4 or less unrelated children. These providers are not included in the biennial Market Rate Survey because the rate they agree to receive is the state's rate and does not reflect the market. Because family home providers, caring for four or less unrelated children, are considered legal care in Missouri, there is no method to capture rates of non subsidized providers in this category of care. Therefore, families have access to any 4 or less provider willing to accept the state rate.

- How the payment rates are adequate to ensure equal access to the full range of providers based on the results of the above noted local market rate survey (i.e., describe the relationship between the attached payment rates and the market rates observed in the survey): (§98.43(b))

Because Missouri is committed to providing benefits to all eligible children, current base rates are set at a level to ensure all eligible families may access benefits without implementing a waiting list. The current rates appear to be allowing access to care for the greatest number of eligible families possible. Access to care is supported by rate incentives offered to providers meeting certain requirements. Providers who receive at least one of the rate enhancements make up 58% of the total subsidized providers in the state and 56% of the total number of subsidized children. This means that there is an increased number of providers whose actual reimbursed rate is at a percentile higher than the base rate percentile reflected in the Market Rate Survey.

- Does the Lead Agency consider any additional facts to determine that its payment rates ensure equal access? (§98.43(d))

☒ Yes. If, yes, **describe.**

DSS implemented several enhancements to the state's base rate of subsidy reimbursement.

A rate increase for infant and toddler care was implemented in October 1998.

The rate structure for infant care establishes a differential reimbursement for group homes, as well as redefining the geographical areas for infant care from seven to three areas in the state. (Attachment 3.2A)

A 15% increase in base reimbursement was implemented in October of 1998 to providers who serve families during non-traditional hours. The intent of this rate

differential was to enhance access to care for families who have non-traditional work hours.

Additional incentives to encourage a wide range of provider choice and equal access include:

- Licensed providers with an enrollment consistently showing 50% subsidy eligible children receive a rate enhancement. The enhancement is 30% above the providers' base rate or the state's maximum reimbursement, whichever is lowest.
- Providers accredited by a recognized accrediting organization receive an increase of 20% above the providers' base rate or the state maximum reimbursement rate, whichever is lowest.
- Providers caring for special needs children as documented by a professional in the medical, mental health, academic, or social service field receive 25% above the providers' base rate or the state maximum reimbursement rate, whichever is lowest.

Access to child care for subsidy eligible families has increased due to the implementation of these rate enhancements.

☐ No.

- Does the State have a tiered reimbursement system (higher rates for child care centers and family child care homes that achieve one or more levels of quality beyond basic licensing requirements)?

☒ Yes. If yes, **describe**:

Providers accredited by a recognized accrediting organization receive an increase of 20% above the providers' base rate or the state maximum reimbursement rate, whichever is lowest.

☐ No.

### **3.3 Eligibility Criteria for Child Care**

#### **3.3.1 Age Eligibility**

Does the Lead Agency allow CCDF-funded child care for children above age 13 but below age 19 who are physically and/or mentally incapable of self-care? (Physical and mental incapacity must then be defined in Appendix 2.) (658E(c)(3)(B), 658P(3), §98.20(a)(1)(ii))

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

☒ Yes, and the upper age is 19.

☐ No.

Does the Lead Agency allow CCDF-funded child care for children above age 13 but below age 19 who are under court supervision? (658P(3), 658E(c)(3)(B), §98.20(a)(1)(ii))

☒ Yes, and the upper age is 19.

☐ No.

### 3.3.2 Income Eligibility

**Complete** columns (a) and (b) in the matrix below. Complete Columns (c) and (d) ONLY IF the Lead Agency is using income eligibility limits lower than 85% of the SMI.

Family Size	(a) 100% of State Median Income (SMI) (\$/month)	(b) 85% of State Median Income (SMI) (\$/month) [Multiply (a) by 0.85]	IF APPLICABLE	
			Income Level, lower than 85% SMI, if used to limit eligibility	
			(c) \$/month	(d) % of SMI [Divide (c) by (a), multiply by 100]
1	\$2767	\$2352	\$1136	41%
2	\$3618	\$3075	\$1485	41%
3	\$4469	\$3799	\$1836	41%
4	\$5320	\$4522	\$2186	41%
5	\$6171	\$5245	\$2535	41%

If the Lead Agency does not use the SMI from the most current year, **indicate** the year used:

If applicable, indicate the date on which the eligibility limits detailed in column (c) became or will become effective: July 2007

How does the Lead Agency define “income” for the purposes of eligibility? Describe and/or include information as **Attachment 3.3.2.** (§§98.16(g)(5), 98.20(b))

Income is defined in the Child Care Manual: 1210.025.05.05 COMPUTING MONTHLY GROSS INCOME as: "the average monthly amount of total income received by all members of the family unit before deductions. This total gross income amount should include income from all sources including, but not limited to: wages, adjusted gross income from self-employment, adjusted gross income from farm income, social security, dividends, interest, etc."

<http://www.dss.mo.gov/fsd/iman/chldcare/cctoc.html>.

- Is any income deducted or excluded from total family income (for instance, work or medical expenses; child support paid to, or received from, other households; Supplemental Security Income (SSI) payments)?

☒ Yes. If yes, **describe** what type of income is deducted or excluded from total family income.

Deductions from monthly income are described in the Child Care Manual: Section 1210.025.15 DEDUCTIONS FROM GROSS INCOME, Allow the following deductions from the household's monthly gross income:

Hospital/Physician insurance such as Blue Cross/Blue Shield,  
Dental/Vision insurance,  
Medicare Supplement policies,  
Cancer insurance,  
Nursing care, and,  
Other health insurance policies not included above.

<http://www.dss.mo.gov/fsd/iman/chldcare/cctoc.html>

☐ No.

- Is the income of all family members included?

☐ Yes.

☒ No. If no, **describe** whose income is excluded for purposes of eligibility determination.

Excluded family member income is described in the Child Care Manual: Section 1210.025.10.15 MONETARY GIFTS AND SPECIAL INCOME CIRCUMSTANCES: Income received in certain circumstances and non-recurring cash gifts are excluded when determining the household's financial eligibility for child care assistance.

1. Monetary gifts received for holidays, birthdays, and, graduations, which do not exceed the Temporary Assistance Percentage of Need Standard for the assistance group in a month, are excluded from consideration when budgeting income of the household.
2. Earnings of children attending school are excluded as income to the child care family.
3. Income received as a payee/guardian for a non-household member is excluded.
4. Income of adult children of the parent, specified relative, or guardian is excluded.

<http://www.dss.mo.gov/fsd/iman/chldcare/cctoc.html>

### 3.3.3 Eligibility Based Upon Receiving or Needing to Receive Protective Services

Does the State choose to provide child care to children in protective services, as defined in Appendix 2? (§§98.16(f)(7), 98.20(a)(3)(ii)(A) & (B))

☒ Yes.

☐ No.

Has the Lead Agency elected to waive, on a case-by-case basis, the fee and income eligibility requirements for cases in which children receive, or need to receive, protective services, as defined in Appendix 2? (658E(c)(3)(B), 658P(3)(C)(ii), §98.20(a)(3)(ii)(A))

☒ Yes.

☐ No.

☐ Not applicable. CCDF-funded child care is not provided in cases in which children receive, or need to receive, protective services.

Does the State choose to provide CCDF-funded child care to children in foster care whose foster care parents are not working, or who are not in education/training activities? (§§98.20(a)(3)(ii), 98.16(f)(7))

☒ Yes. (**NOTE:** This means that for CCDF purposes the State considers these children to be in protective services.)

☐ No.

### 3.3.4 Additional Eligibility Conditions

Has the Lead Agency established additional eligibility conditions?  
(658E(c)(3)(B), §98.16(g)(5), §98.20(b))

☐ Yes, and the additional eligibility conditions are: (Terms must be defined in Appendix 2)

☒ No.

## **3.4 Priorities for Serving Children and Families**

3.4.1 Complete the table below regarding eligibility conditions and priority rules. For columns (a) through (d), check box if reply is “Yes”. Leave blank if “No”. Complete column (e) if you check column (d).

Eligibility Category	(a) Guarantee subsidy eligibility	(b) Give priority over other CCDF- eligible families	(c) Same priority as other CCDF- eligible families	(d) Is there a time limit on guarantee or priority?	(e) How long is time limit?
Children with special needs	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Children in families with very low incomes	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Families <u>receiving</u> Temporary Assistance for Needy Families (TANF)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Families transitioning from TANF	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Families at risk of becoming dependent on TANF	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

- 3.4.2 **Describe** how the State prioritizes service for the following CCDF-eligible children: (a) children with special needs and (b) children in families with very low incomes. Terms must be defined in Appendix 2. (658E(c)(3)(B))

Children with special needs continue to rank high among our priorities. Payment is allowed for special needs children at their functional age instead of their chronological age. Providers who care for a special needs child may have their base rate of reimbursement enhanced by 25%. Example: A provider caring for a seven year old who functions at age one is paid at the higher infant rate and that rate would be enhanced by 25% above the base infant rate.

Families with very low income are required to pay a sliding fee of \$1.00 per year as their portion of the child care cost. Families with income slightly higher will pay a sliding fee based on their income and household size.

- 3.4.3 **Describe** how CCDF funds will be used to meet the needs of: (a) families receiving Temporary Assistance for Needy Families (TANF), (b) those attempting to transition off TANF through work activities, and (c) those at risk of becoming dependent on TANF. (658E(c)(2)(H), Section 418(b)(2) of the Social Security Act, §§98.50(e), 98.16(g)(4))

Missouri's child care program is based on income and need for care. All families whose income falls within the income guidelines will be served. TANF households may access services while participating in any approved work activity including education.

- 3.4.4 Has the Lead Agency established additional priority rules that are not reflected in the table completed for Section 3.4.1? (658E(c)(3)(B), §98.16(g)(5), §98.20(b))

☐ Yes, and the additional priority rules are: (Terms must be defined in Appendix 2)

☒ No.

- 3.4.5 Does the Lead Agency serve all eligible families that apply?

☒ Yes.

☐ No.

- 3.4.6 Does the Lead Agency maintain a waiting list?

- ☒ Yes. If yes, for what populations? Is the waiting list maintained at the State level? Are certain populations given priority for services, and if so, which populations? What methods are employed to keep the list current?

While Missouri currently does not have an active waiting list and is currently serving all eligible children, in the event of a waiting list implementation, the child care program's automated system is equipped to maintain the list at the state level. TANF recipients and teen parents are given priority for services. The program's automated system is equipped to keep the list current. Children are tracked based on families' continued eligibility and children's priority coding.

- ☐ No.

### **3.5 Sliding Fee Scale for Child Care Services**

- 3.5.1 A sliding fee scale, which is used to determine each family's contribution to the cost of child care, must vary based on income and the size of the family. A copy of this sliding fee scale for child care services and an explanation of how it works is provided as **Attachment 3.5.1**.

The attached fee scale was or will be effective as of July 1, 2007.

Will the Lead Agency use additional factors to determine each family's contribution to the cost of child care? (658E(c)(3)(B), §98.42(b))

- ☒ Yes, and the following **describes** any additional factors that will be used:

The sliding fee is also based on the daily number of hours in care per child.  
Please refer to 3.5.1.

- ☐ No.

- 3.5.2 Is the sliding fee scale provided in the attachment in response to question 3.5.1 used in all parts of the State? (658E(c)(3)(B))

- ☒ Yes.

- ☐ No, and other scale(s) and their effective date(s) are provided as **Attachment 3.5.2**.

- 3.5.3 The Lead Agency may waive contributions from families whose incomes are at or below the poverty level for a family of the same size, (§98.42(c)), and the poverty level used by the Lead Agency for a family of 3 is: \$22,032 (127%FPL).

The Lead Agency must **select ONE** of these options:

- ☐ ALL families with income at or below the poverty level for a family of the same size ARE NOT required to pay a fee.
- ☐ ALL families, including those with incomes at or below the poverty level for families of the same size, ARE required to pay a fee.
- ☒ SOME families with income at or below the poverty level for a family of the same size ARE NOT required to pay a fee. The following describes these families:

Protective services children, families where a parent is incapacitated, and special needs children do not pay sliding fees.

- 3.5.4 Does the State allow providers to charge parents the difference between the maximum reimbursement rate and their private pay rate?

- ☒ Yes.
- ☐ No.

- 3.5.5 The following is an explanation of how the copayments required by the Lead Agency's sliding fee scale(s) were determined to be affordable: (§98.43(b)(3))

Available child care is affordable when the cost of care does not exceed approximately ten percent of a family's gross income, less medical insurance premiums. This ten percent includes any sliding fee a family is required to pay. This ten percent does not include federal, state, or local child care subsidy.

A sliding fee chart is attached (3.5.1). The family's sliding fee is located on the chart based on the number of persons in the child care household, the family's countable income, and the level of care for each child.

A family consisting of a parent and two children, where the family income is at the maximum eligibility amount of \$1,836.00 per month, pays approximately 12% of their monthly income for child care when both children are in care on a full-time basis. Families with lower income will pay less than 12%.

## **PART 4**

### **PARENTAL RIGHTS AND RESPONSIBILITIES**

#### **4.1 Application Process / Parental Choice**

4.1.1 **Describe** the process for a family to apply for and receive child care services (658D(b)(1)(A), 658E(c)(2)(D) & (3)(B), §§98.16(k), 98.30(a) through (e)). At minimum, the description should include:

- How parents are informed of the availability of child care services and about child care options
- Where/how applications are made
- What documentation parents must provide
- How parents who receive TANF benefits are informed about the exception to individual penalties as described in 4.4
- Length of eligibility period including variations that relate to the services provided, e.g., through collaborations with Head Start or pre-kindergarten programs
- Any steps the State has taken to reduce barriers to initial and continuing eligibility for child care subsidies

**Attach** a copy of your parent application for the child care subsidy program. If the application is available on the web, provide the appropriate Web site address (application must still be attached to Plan):

Parents are informed of the availability of child care services and of available child care options via various state resources:

- Missouri Child Care Resource and Referral Agencies;
- Missouri Family Support Division;
- Missouri Department of Health, Bureau of Child Care, Child Care Licensing;
- Local Community Action Agencies;
- Statewide consumer education campaign, and;
- Other human resource agencies throughout the state.

The Missouri Child Care Resource and Referral Network, composed of seven agencies, provides statewide coverage by maintaining a child care referral computer data base that uses a nationally recognized resource and referral software program. In addition, the Missouri Child Care Resource and Referral Network maintains a statewide toll-free telephone system that electronically links callers to the appropriate local resource and referral agency. A consumer information packet is provided for families who call for child care information. This packet contains information that assists families in choosing a high quality child care facility including: a minimum of three referrals per family in order to maximize parental choice; information regarding child care licensure standards and accreditation; information regarding local health, social services, and educational services available to assist families

and children; information on indicators of quality child care; local child care costs; child care options available regarding types of facilities, including center, group and family home providers, accredited facilities, and faith based facilities. Referral packets also include information on child care assistance programs; and information regarding inclusion of children with special needs. The informational packet is mailed to the caller within two working days of the contact.

Applications for child care assistance can be made through the Family Support Division either in person or through the mail upon the request of the applicant.

Eligibility is determined by the Department of Social Services, Family Support Division (FSD) for child care services. Families must provide documentation for the following eligibility factors:

- Relationship to the child/ren for whom services are requested;
- Residency;
- Social Security Number of all household members;
- Income; and,
- Need for child care services, i.e. employment, training, education.

The period of eligibility is twelve months following approval for services. The eligibility could change if there is a change in the customer's income during the eligibility period.

Parents who receive TANF benefits are informed about exceptions to individual penalties as part of the interview summary given to them at the time of application for TANF. The TANF application is an automated, interactive process and a written summary of the interview is given to each TANF applicant at the conclusion of the interactive application interview. This summary includes the notification of the Child Protection Clause as described in section 4.4 of this plan. The Child Care Assistance application itself is a simple one page form.

Parents who apply for Child Care Assistance may complete the application process through a variety of mechanisms in order to reduce/remove barriers to initial and continued eligibility. If an in person application can not be completed, a telephone interview may be arranged with the necessary verification for eligibility mailed or faxed to the Family Support Division office. Additionally, the re-application is automatically generated to the eligible household at the end of their yearly certification so parents may complete the application 60 days prior to their eligibility ending. There is a 15 day processing time limit for determining eligibility to insure parents have access to their benefits in a timely manner. The time frame is shorter than other public assistance programs because parents typically need child care immediately and providers need assurance of families' eligibility before accepting children into care.

#### 4.1.2 Is the application process different for families receiving TANF?

☐

Yes. If yes, **describe** how the process is different:

☒ No.

- 4.1.3 The following is a detailed description of how the State ensures parental choice by making sure that parents are informed about their ability to choose from among family and group home care, center-based care and in-home care including faith-based providers in each of these categories.

The Missouri Child Care Resource and Referral Network maintains a statewide toll-free telephone system that electronically links callers to the appropriate local resource and referral agency. A consumer information packet is provided for families who call for child care information. This packet contains information that assists families in choosing a high quality child care facility including: a minimum of three referrals per family in order to maximize parental choice; information regarding child care licensure standards and accreditation; information regarding local health, social services, and educational services available to assist families and children; information on indicators of quality child care; local child care costs; child care options available regarding types of facilities, including center, group and family home providers, accredited facilities, and faith based facilities. Referral packets also include information on child care assistance programs; and information regarding inclusion of children with special needs. The informational packet is mailed to the caller within two working days of the contact.

- 4.1.4 Does the State conduct activities aimed at families with limited English proficiency to promote access to child care subsidies and reduce barriers to receiving subsidies and accessing child care services?

☒ Yes. If yes, **describe** these activities, including how the State overcomes language barriers with families and providers.

The Child Care Assistance application form is available in Spanish. When necessary, and at the request of the applicant, a translator may be made available to a child care applicant when they file an application for assistance at their FSD office.

Funding is provided to the Parentlink Warmline to support a Spanish speaking operator. The Warmline is a toll free number that any parent can call for assistance with child development or other children's issues. They will also refer parents to DSS for assistance with child care subsidies, if that is identified as a need.

☐ No.

## **4.2 Records of Parental Complaints**

The following is a detailed description of how the State maintains a record of substantiated parental complaints and how it makes the information regarding such parental complaints available to the public on request. (658E(c)(2)(C), §98.32))

The Department of Social Services allows for parental complaints to be recorded in the “comments section” of the registered child care provider system. This information is available to applicants upon request.

The Department of Health and Senior Service’s Bureau of Child Care has regulatory staff, Child Care Facility Specialists, located in District Health Offices throughout the state. These staff members investigate all reports of alleged rule violations. This complaint investigation is mandated by Missouri Revised Statutes, Chapter 210.203, which states, “***Complaints against child care facilities, open records to be kept by department.—The department of health shall maintain a record of substantiated, signed parental complaints against child care facilities licensed pursuant to this chapter, and shall make such complaints and findings available to the public upon request.***” Substantiated complaints are maintained in each licensed and license-exempt child care facility record. These files are available for public review by appointment at any of the District Health Offices where Bureau of Child Care staff members are located. Information notifying parents and the public that the files are open for review is included on Bureau of Child Care brochures and the educational information provided by the Resource and Referral agencies. Detailed information regarding the complaint process is contained on the Department of Health’s web site: <http://www.dhss.mo.gov/ChildCare/>.

## **4.3 Unlimited Access to Children in Child Care Settings**

The following is a detailed description of the procedures in effect in the State for affording parents unlimited access to their children whenever their children are in the care of a provider who receives CCDF funds. (658E(c)(2)(B), §98.31)

Registered child care providers for the Department of Social Services sign a self-certification statement that states the provider allows parents access to their children. This is also renewed annually at re-registration.

As mandated in Missouri Statutes for licensed child care providers “***210.215. Access to child and care providers during normal hours – exception court orders restricting access.—Any parent or guardian of a child shall have access to the child care facility in which his child is enrolled and which is licensed pursuant to the provisions of sections 210.201 to 210.245 and shall have access to the providers of care in such facilities during normal hours of operation or when a child of such parent or guardian is in the care of such facility or provider, unless such parent or guardian is subject to a court order restricting access to the child.***” As authorized in this statute, licensing rules

for family child care homes, group child care homes, and child care centers require that parents shall have access to the facility at any time during child care hours. Licensed providers are required to establish written policies pertaining to admission, care and discharge of the children and provide to the parent(s) at the time of enrollment. The information given to parents by the Resource and Referral agencies contains information regarding parental access.

#### **4.4 Criteria or Definitions Applied by TANF Agency to Determine Inability to Obtain Child Care**

The regulations at §98.33(b) require the Lead Agency to inform parents who receive TANF benefits about the exception to the individual penalties associated with the work requirement for any single custodial parent who has a demonstrated inability to obtain needed child care for a child under 6 years of age.

In fulfilling this requirement, the following criteria or definitions are applied by the TANF agency to determine whether the parent has a demonstrated inability to obtain needed child care:

NOTE: The TANF agency, not the Child Care Lead Agency, is responsible for establishing the following criteria or definitions. These criteria or definitions are offered in this Plan as a matter of public record. The TANF agency that established these criteria or definitions is: Missouri Department of Social Services, Family Support Division.

- "appropriate child care":

##### Appropriate child care in formal and informal settings includes:

- Child care that is consistently available;
- Child care that is available during the participant's hours of employment, education, training, and/or work activity;
- Child care that addresses the specialized needs of the child. For example, a child with a disability.
- Child care that is developmentally and age appropriate. This determination will be based on the information provided by the parent when demonstrating that the care available to them does not meet the developmental and/or age appropriate skills of their child;
- Child care by a full time, year round, primary provider who is at least eighteen (18) years of age.
- Child care by a provider who has undergone a Child Abuse and Neglect background screening and a Tuberculosis test;
- Child care is provided in a residence which has running water, electricity, a safe source of heat, meets any local housing code standards, and a working

telephone is accessible to the provider either in the provider's residence or within reasonable proximity of the residence.

- "reasonable distance":

Reasonable Distance

A determination of whether child care is within a reasonable distance should include, but not be limited to, the following factors:

- 1) When the participant has no independent transportation, they can be expected to use public transportation if:
  - It is available at the appropriate time for the participant's schedule of work or work participation activity;
  - It is not cost prohibitive for the participant; and,
  - The time involved in getting to public transportation, child care, and then to work is reasonable in relation to the participant's actual hours of work or work participation activity.
- 2) If the participant has an independent means of transportation, the transportation must include the following:
  - The vehicle or other transportation is reliable;
  - The recipient is able to afford the transportation costs, including the costs involved in maintaining and ensuring the reliability of the transportation.

The commuting time from the individual's home to their child care provider and their work site (or work participation activity) is no more than an hour each way.

- "unsuitability of informal child care":

Families are not required to accept care with providers who are not licensed or registered. There are certain circumstances that may exist that will deem a child care provider as "inappropriate" or "unsuitable" to a parent.

Examples of such care are as follows:

- Child care provided by religious-exempt facilities when the parent states it infringes upon the family's beliefs.
- Child care provided by any caregiver when the parent states that their child is at risk of abuse or neglect.
- "affordable child care arrangements":

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

Available child care is affordable when the cost of care does not exceed ten percent (10%) of a family's gross income less medical insurance premiums. This ten percent (10%) includes any sliding fee a family is required to pay. This ten percent (10%) does not include federal, state, or local child care subsidy.

**PART 5**  
**ACTIVITIES & SERVICES TO IMPROVE THE QUALITY AND AVAILABILITY OF**  
**CHILD CARE**

**5.1 Quality Earmarks and Set-Asides**

- 5.1.1 The Child Care and Development Fund provides earmarks for infant and toddler care and school-age care and resource and referral services as well as the special earmark for quality activities. The following describes the activities; identifies the entities providing the activities; describes the expected results of the activities and, if the activities have been ongoing, the actual results of the activities. **For the infant and toddler earmark, the State must note in its description of the activities what is the maximum age of a child who may be served with such earmarked funds (not to exceed 36 months).**

Infants and toddlers:

In October 1998 the Department of Social Services chose to use the entire earmark for infant and toddler care to increase the reimbursement rates for providers caring for infant/toddlers age zero to 2. Increasing infant/toddler rates contributes to creating an environment that fosters higher quality of care by lowering staff to child ratios.

Resource and referral services:

The Missouri Department of Social Services (DSS), Children's Division (CD), Early Childhood and Prevention Services Section provides resource and referral services through a contract with the Missouri Child Care Resource and Referral Network (MOCCRRN) that consists of seven agencies providing statewide coverage. Missouri Child Care Resource and Referral activities include:

- Providing information and consumer education to all families seeking child care. Child Care Resource and Referral agencies assist families of all income levels as they select the best child care for their child, their work location and schedules, and their family's needs.
- Providing resources to child care providers in their service delivery areas, this includes start-up consultation; curriculum materials; onsite technical assistance; training and technical assistance on how to deal with children with special needs; and group training opportunities.

- Tracking supply and demand data to assist in assessing community need to community planners and local employers interested in supporting child care initiatives.
- Providing comprehensive coordination of training, educational, and professional development opportunities for child care providers. Training Coordinators are located in the seven local Resource and Referral agencies providing state wide coverage. The Child Care Resource and Referral Training Coordinators' duties include: coordinating regional meetings of all child care trainers/educators; developing and maintaining a regional child care training calendar that is available to all child care providers in some media form, such as paper copy or accessible on the internet; and identify educational supports such as grants, scholarships, and professional recognition programs for child care providers.
- Facilitating child care providers seeking accreditation through one of the recognized accreditation systems.
- MOCCRRN is also in the process of creating a business development center and a revolving loan fund, First Children's Finance – Missouri. MOCCRRN Agency's staff has been trained to provide training in Developing Your Family Child Care Business and are seeking funding to provide more of the training across the state in addition to developing a similar curriculum for child care centers. See section 2.3 for more information.

The DSS, CD, Early Childhood and Prevention Services Section contracts in two regions of the state with the local Child Care Resource and Referral agencies for enhanced resource and referral services. These programs provide onsite staff at the local Family Support Division offices in St. Louis and Kansas City. The staff provides onsite counseling to TANF families requiring child care in order to transition into work activities. This staff also offers training to FSD staff regarding selection of quality child care for the most at risk children whose families are TANF recipients.

#### School-age child care:

Through Memorandum of Agreement with DSS, the Department of Elementary and Secondary Education provides funding for an After School Resource Center (ASRC) and grants to public school districts to enhance before and after school programs. The ASRC provides training and other resources to after school programs. The school age grants encourage programs to become accredited and promote quality activities around developmental benchmarks for children in care.

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

- 5.1.2 The law requires that not less than 4% of the CCDF be set aside for quality activities. (658E(c)(3)(B), 658G, §§98.13(a), 98.16(h), 98.51) The Lead Agency estimates that the following amount and percentage will be used for the quality activities (not including earmarked funds) during the 1-year period: October 1, 2007 through September 30, 2008:

\$7,016,434 (5.1%)

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

5.1.3 **Check** each activity the Lead Agency will undertake to improve the availability and quality of child care (include activities funded through the 4% quality set-aside as well as the special earmark for quality activities). (658D(b)(1)(D), 658E(c)(3)(B), §§98.13(a), 98.16(h))

Other activities that improve the quality of child care (describe below).

Department of Health & Senior Services, University of Missouri, Opportunities in a Professional Education Network, Department of Social Services, Department of Elementary & Secondary Education, & Department of Mental Health,

Other activities that improve the availability of child care (describe below).

Department of Social Services, Children's Division

(§98.51(a)(1) and (2))

5.1.4 For each activity checked, **describe** the expected results of the activity. If you have conducted an evaluation of this activity, **describe the results**. If you have not conducted an evaluation, **describe** how you will evaluate the activities.0

1. Comprehensive consumer education is provided by the Missouri Child Care Resource and Referral Network. Please refer to 5.1 for specific description of activities. The expected results include an improved understanding on the part of parents regarding the attributes of quality care, and better child care choices. Evaluation of this activity is conducted during on-site monitoring of each of the seven agencies providing this service across the state. The contract for this service states that a consumer education information packet be provided to each family inquiring about child care, this information must include:
  - Information on indicators of quality child care;

- Range of child care cost;
- Child care options available (types of facilities, licensed, licensed-exempt, unlicensed, registered, accredited, etc.);
- Information regarding other family or child care-related issues;
- Information on child care assistance programs;
- Information regarding inclusion of children with special needs;
- Information regarding Medicaid, MC+, and CHIPS health insurance programs;
- Information regarding the DSS child care subsidy program.

The MOCCRRN Agencies also mail surveys to the families that have contacted them. This information is used to find out the results of their child care search and for self-evaluation.

2. Enhancement grants are offered to public schools to support improved quality through Memorandum of Agreement with the Department of Elementary and Secondary Education (DESE). These grants are for the express purpose of promoting quality activities that will improve outcomes for children. These programs are currently evaluated by desk monitoring through reports provided by the DESE to the DSS, Children's Division. These reports include listings of programs receiving funds, along with the amounts and number of children they serve, an annual report on all sustained programs after grant funding is gone, in addition to a listing of all programs that obtain licensure by the end of the first program year.
3. Department of Health and Senior Services (DHSS) regulatory staff monitor and inspect licensed family child care homes, group child care homes, and child care centers for compliance with licensing rules, including sanitation regulations, three times per year. In addition, all complaint allegations are investigated, and an inspection for fire/safety is made annually. Child care facilities that are not required to be licensed, but are required to be inspected annually for fire/safety and health and sanitation, are those operated by religious organizations and nursery schools. The licensing rules for all facilities are in the process of being revised. All DHSS, Section for Child Care Regulation (SCCR) regulatory staff members receive training in regulatory inspection and enforcement. The expected results include safer, healthier environments for children. Evaluation of this service is done in-house within the Department of Health and Senior Services, with on-going communication to the State Child Care Administrator.
4. The Department of Social Services provides direct consultation and home visitation through a program of educational opportunities to expand the quality of child care. The Educare program provides resources, technical assistance, and training opportunities at a free or reduced cost to child care

providers, with an emphasis on family home providers. The program operates in approximately 71 counties. The expected results are:

- Child Care providers with a strengthened ability to offer developmentally appropriate early care and education activities and programs;
- Increased school-linked, integrated services to serve young children; focusing on the special needs of children from low income families;
- Increased parental involvement and participation with their child's developmental process;

This program is evaluated by on-site monitoring of contracts in addition to desk monitoring utilizing reports that are required. These are things, along with input from the Educare providers and other Early Childhood Professionals, that are used to determine on-going changes and improvements.

5. The Missouri Child Care Resource and Referral Network holds the state license for T.E.A.C.H. Early Childhood® Missouri. Offered statewide, the scholarship has three levels available that differ in the degree sought and the amount of perks available. Brought to Missouri in 1999, the project is administered by the Missouri Child Care Resource and Referral Network. This program is evaluated by the MOCCRRN, their Board of Directors along with a T.E.A.C.H. Early Childhood® Missouri Advisory Committee. The expected results are an improvement in the quality of child care through increasing the educational level and compensation for Missouri's workforce.
6. Department of Health and Senior Services, Bureau of Child Care provides uniform training and technical assistance through Child Care Basic Orientation Training (CCOT) sessions and Providers Advance through Continuing Education (PACE) training sessions for new and existing child care providers. CCOT trains caregivers on developmental, physical, social and emotional stages of a child's development, health and safety, and identification of child abuse and neglect. CCOT is delivered by approved trainers throughout all areas of the state. Infant Toddler CCOT is another module of this training that has been developed for practitioners caring for infants and toddlers. PACE trains caregivers on Safety Issues, Developmentally Appropriate Practice and Preventing Child Abuse and Neglect and is also delivered by approved trainers throughout all areas of the state. Missouri's Pre K Standards developed by a collaboration of public and private agencies with Department of Elementary and Secondary Education as the lead agency are embedded into all areas of professional development for early care practitioners. The standards include the following domains:
  - Early Literacy;
  - Social and Emotional Development and Approaches to Learning;
  - Mathematics;

- Science; and
- Physical Development; Health and Safety.

Evaluation of the trainings along with the standards will happen when the Quality Rating System becomes a statewide system, this will tell us how the providers are moving up in quality in these areas.

All conference planning is requiring identification as to which core competencies and early learning guidelines workshops will address. All training, supported by state agencies, also requires identification as to which core competencies and early learning guidelines are addressed. Please see Attachment 2.1.2 for more information.

7. The Missouri Child Care Resource and Referral Network supports child care services targeted to families of children with special needs by staffing Child Care Inclusion Coordinators, funded by the Department of Health and Senior Services (DHSS), Section for Child Care Regulation (SCCR), in each of their seven agencies. The key activities of the Child Care Inclusion Coordinators are to increase the number of regulated child care facilities that are able to care for children with special needs; provide technical assistance to child care providers pertaining to the care of children with special needs; assist families in finding and/or maintaining child care for children with special needs; and develop training initiatives to prepare child care providers in addressing the needs of children with special needs and their families. This program is evaluated by the DHSS, SCCR and by MOCCRRN during on-site monitoring visits. Providers caring for special needs children as documented by a professional in the medical, mental health, academic, or social service field receive 25% above the providers' base rate or the state maximum reimbursement rate, whichever is lowest. Expected results are that special needs children will have continuity of care as providers will have the resources and be better prepared and supported to care for them.
8. DHSS, SCCR, works with local health agencies to provide health and safety training and consultation. They also fund nurse consultants who provide free on-site training and technical assistance to child care providers. Department of Elementary and Secondary Education, in consultation with DSS and DHSS/SCCR along with many other agencies, have developed early learning standards that include physical development and health and safety and social/emotional development standards. Please refer to 5.2.1 for specific description of activities. The expected result is a greater understanding among child care providers and parents of what constitutes school readiness. Evaluation of the nurse consultants is done in-house within the DHSS, SCCR. Please see response to number 6 for the evaluation of the Early Learning Standards.

9. Missouri families have the full range of legal providers to choose from which includes family, friend and neighbor care as long as they are willing to register with the DSS/CD.
10. DSS, DHSS, Head Start, OPEN (Opportunities in Professional Education Network), Local Health Agencies and other state agencies, including Department of Elementary and Secondary Education and Department of Mental Health partner on quality initiatives that will include the development of the advanced professional training modules for new child care providers, trainer registry, and professional recognition directory. These things are currently being evaluated by contract monitoring and constant communication between the agencies.

The Department of Health and Senior Services operates Missouri's Family Care Safety Registry as of January 2001 to protect children and their families by providing access to background information on registered child care providers to families seeking child care. This information is accessible by a toll-free access telephone number for parents and employers. The background screenings provide information on criminal records maintained by the Missouri State Highway Patrol, child abuse/neglect records maintained by the Department of Social Services, employee disqualification list maintained by the Division of Aging, child care facility licensing records maintained by the Department of Health and Senior Services, foster parent, residential care facility and child placing agency licensing records maintained by the Department of Social Services, and residential living facility and nursing home licensing records maintained by the Division of Aging. Evaluation of the Family Care Safety Registry is seen by the numbers of people who are turned away from becoming a child care provider.

The Early Learning Guidelines, Parent Guides are in the process of being translated into Spanish and Bosnian. The Literacy and Social and Emotional Parent Guides have been translated into Spanish and the Literacy Parent Guide has been translated into Bosnian. For more information see Attachment 2.1.2.

NOTE: Through state gaming funds, DSS provides funding for accreditation facilitation projects via a competitive bid process with local organizations to assist child care providers in achieving accreditation by a recognized accrediting organization. Once providers become accredited, they qualify for a 20% increase in their child care subsidy base rate of reimbursement.

11. In March of 2007 the base rate for licensed and licensed exempt child care providers was increased by 5%, this is an attempt to increase the availability of care by increasing the number of providers who will be willing to accept subsidized rates or by increasing the numbers of subsidized children providers will be able to afford to care for.

NOTE: Through state gaming funds, DSS provides start up and expansion grants to entities wishing to start up or expand a child care program.

## **5.2 Good Start, Grow Smart Planning and Development**

This section of the Plan relates to the President's *Good Start, Grow Smart* initiative which is envisioned as a Federal-State partnership that creates linkages between CCDF, including funds set-aside for quality, and State public and private efforts to promote early learning. In this section, each Lead Agency is asked to assess its State's progress toward developing voluntary guidelines on language, literacy, pre-reading, and early math concepts and a plan for the education and training of child care providers. The third component of the President's *Good Start, Grow Smart* initiative, planning for coordination across at least four early childhood programs and funding streams, was addressed in Section 2.1.2.

**5.2.1 Status of Voluntary Early Learning Guidelines.** Indicate which of the following best describes the current status of the State's efforts to develop, implement, or revise research-based early learning guidelines (content standards) for three to five year-olds. **NOTE: Check only one box to best describe the status of your State's three-to-five-year-old guidelines.**

- ☐ **Planning.** The State is planning for the development of early learning guidelines. Expected date of plan completion: \_\_\_\_\_
- ☐ **Developing.** The State is in the process of developing early learning guidelines. Expected date of completion: \_\_\_\_\_
- ☐ **Developed.** The State has approved the early learning guidelines, but has not yet developed or initiated an implementation plan. The early learning guidelines are included as **Attachment 5.2.1.**
- ☒ **Implementing.** In addition to having developed early learning guidelines, the State has embarked on implementation efforts which may include dissemination, training or embedding guidelines in the professional development system. The guidelines are included as **Attachment 5.2.1.**
- ☐ **Revising.** The State has previously developed early learning guidelines and is now revising those guidelines. The guidelines are included as **Attachment 5.2.1.**
- ☐ **Other (describe):**

**Describe** the progress made by the State in developing, implementing, or revising early learning guidelines since the date of submission of the 2006-2007 State Plan.

Since submission of the 2006-2007 CCDF state plan, efforts to implement the Pre-K Standards have progressed. Implementation has included dissemination across the state with a purpose of embedding into existing professional

development systems. There are continued efforts to develop training on the guidelines by the Department of Elementary and Secondary Education.

If developed, are the guidelines aligned with K-12 content standards or other standards (e.g., Head Start Child Outcomes, State Performance Standards)?

- ☒ Yes. If yes, **name standards.**  
K-12 Content Standards and Head Start Child Outcomes
- ☐ No.

If developed, are the guidelines aligned with early childhood curricula?

- ☐ Yes. If yes, **describe.**
- ☒ No.

Have guidelines been developed for children in the following age groups (check if guidelines have been developed):

- ☐ Birth to three. Guidelines are included as Attachment 5.2.1
- ☐ Birth to five. Guidelines are included as Attachment 5.2.1
- ☐ Five years or older. Guidelines are included as Attachment 5.2.1

Efforts to develop early learning guidelines for children that may differ from those addressed in *Good Start, Grow Smart* (i.e., children birth to three or older than five) may be described here.

If any of your guidelines are available on the web, provide the appropriate Web site address (guidelines must still be attached to Plan):

Early Learning Guidelines are available at  
[http://dese.mo.gov/divimprove/fedprog/earlychild/PreK\\_Standards/Index.html](http://dese.mo.gov/divimprove/fedprog/earlychild/PreK_Standards/Index.html)

**5.2.2 Domains of Voluntary Early Learning Guidelines.** Do the guidelines for children three-to-five-years-old address language, literacy, pre-reading, and early math concepts?

- ☒ Yes.
- ☐ No.

Do the guidelines for children three-to-five-years-old address domains not specifically included in *Good Start, Grow Smart*, such as social/emotional, cognitive, physical, health, creative arts, or other domains?

- ☒ Yes. If yes, **describe**.  
The guidelines include domains covering Physical Development/Health and Safety, Science, and Social and Emotional.
- ☐ No.

**5.2.3 Implementation of Voluntary Early Learning Guidelines. Indicate** the strategies the State used or expects to use in **implementing** its early learning guidelines.

**Check all that apply:**

- ☒ Disseminating materials to practitioners and families  
☒ Developing training curricula  
☒ Partnering with other training entities to deliver training  
☒ Aligning early learning guidelines with licensing, core competencies, and/or quality rating systems  
☐ Other. Describe:

<b>Indicate</b> the stakeholders that are (or expect to be) actively supporting the implementation of early learning guidelines.	<b>Indicate</b> the programs that mandate or require the use of early learning guidelines.
<input checked="" type="checkbox"/> Publicly funded (or subsidized) child care	<input type="checkbox"/> Publicly funded (or subsidized) child care
<input checked="" type="checkbox"/> Head Start	<input type="checkbox"/> Head Start
<input checked="" type="checkbox"/> Education/Public pre-k	<input checked="" type="checkbox"/> Education/Public pre-k
<input type="checkbox"/> Early Intervention	<input type="checkbox"/> Early Intervention
<input checked="" type="checkbox"/> Child Care Resource and Referral	<input checked="" type="checkbox"/> Child Care Resource and Referral
<input type="checkbox"/> Higher Education	<input type="checkbox"/> Higher Education
<input checked="" type="checkbox"/> Parent Associations	<input type="checkbox"/> Parent Associations
<input type="checkbox"/> Other. Describe:	<input type="checkbox"/> Other. Describe:

How are (or will) cultural, linguistic and individual variations (be) acknowledged in implementation?

Training will be developed as part of implementation of the guidelines, this training will be done through a contracted individual with the Department of

Elementary and Secondary Education and it will be contractually required that there be an acknowledgment of individual variations.

How are (or will) the diversity of child care settings (be) acknowledged in implementation?

Implementation is occurring through many venues. Technical assistance providers and trainers across the state work with public and private child care settings, these include family homes, centers and group homes, licensed and unlicensed.

Materials developed to support implementation of the guidelines are included as **Attachment 5.2.3**. If these are available on the web, provide the appropriate Web site address:

Implementation of Missouri's Early Learning Guidelines is supported through the efforts of OPEN and the Department of Elementary and Secondary Education (DESE). While there is no formal implementation plan the guidelines are imbedded throughout existing training and professional development activities in the state. Attachment 5.2.3 demonstrates how the guidelines are incorporated in Missouri's Core Competencies for early childhood practitioners and through the planning of conferences where practitioners receive training opportunities. In addition, implementation of the Early Learning Guidelines is part of OPEN's strategic plan which is available as Attachment 5.2.5

**5.2.4 Assessment of Voluntary Early Learning Guidelines.** As applicable, **describe** the State's plan for:

- (a) Validating the content of the early learning guidelines
- (b) Assessing the effectiveness and/or implementation of the guidelines
- (c) Assessing the progress of children using measures aligned with the guidelines
- (d) Aligning the guidelines with accountability initiatives

Observational assessments are conducted in the spring of each year of children age eligible for kindergarten in Missouri Preschool Project, Title I, and Early Childhood Special Education classrooms. A preliminary report is in draft form at this time. It is not available for public distribution.

Written reports of these efforts are included as **Attachment 5.2.4**. If these are available on the web, provide the appropriate Web site address (reports must still be attached to Plan):

**5.2.5 State Plans for Professional Development.** **Indicate** which of the following best describes the current status of the State's efforts to develop a professional development plan for early childhood providers that includes all the primary

sectors: child care, Head Start, and public education. **NOTE: Check ONLY ONE box to best describe the status of your State's professional development plan.**

- ☐ **Planning.** Indicate whether steps are under way to develop a plan. If so, describe the entities involved in the planning process, time frames for completion and/or implementation, the steps anticipated, and how the plan is expected to support early language, literacy, pre-reading and early math concepts.
- ☐ **Developing.** A plan is being drafted. The draft or planning documents are included as **Attachment 5.2.5.**
- ☐ **Developed.** A plan has been written but has not yet been implemented. The plan is included as **Attachment 5.2.5.**
- ☒ **Implementing.** A plan has been written and is now in the process of being implemented, or has been implemented. The plan is included as **Attachment 5.2.5.**
- ☐ **Revising.** The State previously developed a professional development plan and is now revising that plan, or has revised it since submitting the 06-07 State Plan. The revisions or the revised plan are included as **Attachment 5.2.5.**
- ☐ **Other (describe):**

**Describe** the progress made by the State in planning, developing, implementing, or revising the professional development plan since the date of submission of the 2006-2007 State Plan.

If your State has developed a plan for professional development, does the plan include (**Check EITHER yes or no for each item**):

	Yes	No
Specific goals or desired outcomes	<input checked="" type="checkbox"/>	<input type="checkbox"/>
A link to Early Learning Guidelines	<input checked="" type="checkbox"/>	<input type="checkbox"/>

caregivers		
------------	--	--

For each **Yes** response, **reference** the page(s) in the plan and briefly **describe**.

Missouri's plan for professional development includes a career lattice, a trainer registry, a training calendar and articulation efforts. These are housed in OPEN (Opportunities in a Professional Education Network) and MOCCRRN (Missouri Child Care Resource and Referral Network). OPEN is currently funded to work on the following system components: Core Competencies, the Trainer Registry, Professional Achievement and Recognition System (PARS), and Finance and Compensation. OPEN is seeking funding to implement other components of Missouri's Career Development System. A description of their implementation may be located at:

<http://www.openinitiative.org/history.htm>

Each Missouri Child Care Resource and Referral Agency has a designated Training Coordinator. Training Coordinators assist child care providers by doing the following:

- Maintaining a list of training opportunities available in each region. Providers may access on-line training calendars by visiting their local Resource and Referral Agency's web address.
- Coordinating a variety of training opportunities including Child Care Orientation Training (CCOT).
- Identifying educational supports such as grants, scholarships, career counseling, and recognition programs available in each region of the state.
- Coordinating Regional Trainer's Meetings.

A detailed description of these activities and more can be found at:

<http://www.mocccrn.org>

<http://www.openinitiative.org/history.htm> and <http://www.mocccrn.org>

Conference planning and training are requiring identification of the specific core competencies and early learning guidelines addressed in the workshops/training.

OPEN maintains various resources to support child care practitioners' professional development. Each element described above may be found with a description on the OPEN internet web site's resource link at:

<http://www.openinitiative.org/resources.htm>

For each **No** response, **indicate** any plans the Lead Agency has to incorporate these components.

Work is currently underway to develop director's credential through the Department of Health and Senior Services in conjunction with OPEN.

In addition, Department of Health and Senior Services is considering the development of a multi-age child care orientation training to target Family, Friends, and Neighbor care.

There are no immediate plans for developing an assessment/evaluation mechanism for training effectiveness that would be in addition to existing assessment/evaluation tools.

Are the professional development opportunities described in the plan available:

Yes, see above references to OPEN, available at:  
<http://www.openinitiative.org/history.htm>.

**Note: Check either yes or no for each item):**

	Yes	No
Statewide	<input checked="" type="checkbox"/>	<input type="checkbox"/>
To Center-based Child Care Providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>
To Group Home Providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>
To Family Home Providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>
To In-Home Providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Other (describe):	<input type="checkbox"/>	<input type="checkbox"/>

**Describe** how the plan addresses early language, literacy, pre-reading, and early math concepts development.

Please refer to responses above and corresponding links to OPEN.

Are program or provider-level incentives offered to encourage provider training and education?

- ☒ Yes. If yes, **describe**, including any connections between the incentives and training relating to early language, literacy, pre-reading and early math concepts.

Please refer to responses above and corresponding links to OPEN. There are various incentives offered through Educare and community partnerships, but no statewide concerted effort. Licensed providers are required to attain 12 clock hours of training per year.

Missouri is currently piloting a Quality Rating System with hopes of eventually tying our rate structure to a statewide QRS.

Providers who achieve accreditation, encompassing related training and education, receive the accreditation rate enhancement with reimbursements paid on all state subsidized children in their care.

- ☐ No. If no, **describe** any plans to offer incentives to encourage provider training and education, including any connections between the incentives and training relating to early language, literacy, pre-reading and early math concepts?

**PART 6**  
**HEALTH AND SAFETY REQUIREMENTS FOR PROVIDERS**

*(Only the 50 States and the District of Columbia complete Part 6.)*

The National Resource Center for Health and Safety in Child Care (NRCHSCC) of DHHS's Maternal and Child Health Bureau supports a comprehensive, current, on-line listing of the licensing and regulatory requirements for child care in the 50 States and the District of Columbia. In lieu of requiring a State Lead Agency to provide information that is already publicly available, ACF accepts this compilation as accurately reflecting the States' licensing requirements. The listing, which is maintained by the University of Colorado Health Sciences Center School of Nursing, is available on the World Wide Web at: <http://nrc.uchsc.edu/>.

**6.1 Health and Safety Requirements for Center-Based Providers** (658E(c)(2)(F), §§98.41, §98.16(j))

6.1.1 Are all center-based providers paid with CCDF funds subject to licensing under State law that is indicated in the NRCHSCC's compilation?

- ☐ Yes. Answer 6.1.2, skip 6.1.3, and go to 6.2.
- ☒ No. If no, **describe** which center-based providers are exempt from licensing under State law and answer 6.1.2 and 6.1.3.

Religious-affiliated and school based programs are exempt from licensure.

6.1.2 Have center licensing requirements as they relate to staff-child ratios, group size, or staff training been modified since approval of the last State Plan?  
(§98.41(a)(2)&(3))

- ☐ Yes. If yes, **describe** the changes.
- ☒ No.

6.1.3 For center-based care that is NOT licensed, and therefore not reflected in NRCHSCC's compilation, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)

The consultation services of the child care health consultant nurses at the local health agencies are available to all license-exempt and exempt centers, as well as licensed centers. All centers caring for 10 or more children, license-exempt, exempt, and licensed are required to document age-appropriate immunization records for each child and submit aggregate data to the Department of Health Immunization Bureau annually.

- Building and physical premises safety

Building and physical premises safety issues are addressed in the annual inspections for license-exempt centers operated by religious organizations and nursery schools.

- Health and safety training

Health and safety training for licensed exempt providers and exempt centers is provided through informational brochures and materials made available through the Department of Health and Senior Services and the Missouri Child Care Resource and Referral Network.

**6.2 Health and Safety Requirements for Group Home Providers** (658E(c)(2)(F), §§98.41, 98.16(j))

- 6.2.1 Are all group home providers paid with CCDF funds subject to licensing under State law that is indicated in the NRCHSCC's compilation? If:

☒ Yes. Answer 6.2.2, skip 6.2.3, and go to 6.3.

☐ No. If no, **describe** which group home providers are exempt from licensing under State law and answer 6.2.2 and 6.2.3.

- 6.2.2 Have group home licensing requirements that relate to staff-child ratios, group size, or staff training been modified since the approval of the last State Plan? (§98.41(a)(2) & (3))

☐ Yes. If yes, **describe** the changes.

☒ No.

- 6.2.3 For group home care that is NOT licensed, and therefore not reflected in NRCHSCC's compilation, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)  
N/A
- Building and physical premises safety  
N/A
- Health and safety training  
N/A

**6.3 Health and Safety Requirements for Family Providers** (658E(c)(2)(F), §§98.41, 98.16(j))

6.3.1 Are all family child care providers paid with CCDF funds subject to licensing under State law that is indicated in the NRCHSCC's compilation? If:

- ☐ Yes. Answer 6.3.2, skip 6.3.3, and go to 6.4.
- ☒ No. If no, **describe** which family child care providers are exempt from licensing under State law and answer 6.3.2 and 6.3.3.

Family home providers, who care for four or fewer unrelated children, are exempt from state licensure.

6.3.2 Have family child care provider requirements that relate to staff-child ratios, group size, or staff training been modified since the approval of the last State Plan? (§98.41(a)(2) & (3))

- ☒ Yes. If yes, **describe** the changes.

The legal definition of relationship of the provider to children now requires children, who are cousins to the provider, to be counted as non related.

- ☐ No.

6.3.3 For family care that is NOT licensed, and therefore not reflected in NRCHSCC's compilation, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)

Family providers:

Providers are informed of measures to take in the prevention and control of infectious diseases by way of a pamphlet, which is provided at the time the family applies for child care assistance. Parents are referred to their family physician or local health department as a way of obtaining immunizations for their children. Parents are asked to declare, at the time of application for child care assistance, if their child has been appropriately immunized.

Registered child care providers shall have a Tuberculin test or chest x-ray annually at re-registration.

- Building and physical premises safety

Registered providers are asked to sign a health and safety form that the parent also signs declaring there is a working telephone or a message phone available, working smoke detectors and working fire extinguishers on the premises. Providers must meet all applicable state and local ordinances.

- Health and safety training

Registered providers are provided with a pamphlet on health and safety, that includes information about CPR, and how to access additional training resources.

Registered child care providers for the Department of Social Services must comply with, and be cleared from; background screenings as well as screening for foster care license revocation and child care license revocation, prior to being registered and annually thereafter.

Background screenings are conducted by the Department of Social Services, for child abuse/neglect history with the Children's Division in conjunction with the Missouri State Highway Patrol, Criminal Records Division and FBI for state and federal criminal convictions. This information is available to applicants for child care services.

Licensed family home child care providers are required to have a background screening conducted prior to licensing.

**6.4 Health and Safety Requirements for In-Home Providers** (658E(c)(2)(F), §§98.41, 98.16(j))

6.4.1 Are all in-home child care providers paid with CCDF funds subject to licensing under the State law reflected in the NRCHSCC's compilation referenced above?

☐ Yes. Answer 6.4.2, skip 6.4.3, and go to 6.5.

☒ No. If no, **describe** which in-home child care providers are exempt from licensing under State law and answer 6.4.2 and 6.4.3.

Family home providers, who care for four or fewer unrelated children in the child's home, are exempt from state licensure.

6.4.2 Have in-home health and safety requirements that relate to staff-child ratios, group size, or training been modified since the approval of the last State Plan? (§98.41(a)(2) & (3))

☐ Yes. If yes, **describe** the changes.

☒ No.

6.4.3 For in-home care that is NOT licensed, and therefore not reflected in NRCHSCC's compilation, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)

See section 6.3.3

- Building and physical premises safety

See section 6.3.3

- Health and safety training

See section 6.3.3

## **6.5 Exemptions to Health and Safety Requirements**

At Lead Agency option, the following relatives: grandparents, great grandparents, aunts, uncles, or siblings (who live in a separate residence from the child in care) may be exempted from health and safety requirements. (658P(4)(B), §98.41(a)(1)(ii)(A))

Indicate the Lead Agency's policy regarding these relative providers:

- ☒ **All** relative providers are subject to the same requirements as described in sections 6.1 - 6.4 above, as appropriate; there are **no exemptions** for relatives or different requirements for them.
- ☐ **All** relative providers are **exempt** from all health and safety requirements.
- ☐ **Some or all** relative providers are subject to different health and safety requirements from those described in sections 6.1 - 6.4. The following describes those requirements and identifies the relatives they apply to:

## **6.6 Enforcement of Health and Safety Requirements**

Each Lead Agency is required to certify that procedures are in effect to ensure that child care providers of services for which assistance is provided comply with all applicable health and safety requirements. (658E(c)(2)(E), §§98.40(a)(2), 98.41(d)) The following is a description of how health and safety requirements are effectively enforced:

- Are child care providers subject to routine unannounced visits (i.e., not specifically for the purpose of complaint investigation or issuance/renewal of a license)?

- ☒ Yes. If yes, **indicate** which providers are subject to routine unannounced visits and the frequency of those visits:

All licensed child care homes, group homes, and centers receive two unannounced inspections per year, in addition to annual fire safety and sanitation inspections.

All licensed exempt facilities (those operated by a religious organization and nursery schools) receive one announced health and safety inspection and annual fire safety and sanitation inspections.

- ☐ No.

- Are child care providers subject to background checks?

- ☒ Yes. If yes, **indicate** which types of providers are subject to background checks and when such checks are conducted:

At initial licensure, the following providers are subject to background checks:

--Family child care home providers, all employees/assistants and all adult household members;

--Group home providers, child care center director, owner, Board President/Chairperson, all employees and volunteers counted in child/staff ratio.

At renewal, the following providers are subject to background checks:

--Family child care home providers, all employees/assistants and all adult household members;

--Group home providers, child care center director, owner, Board President/Chairperson, all employees and volunteers counted in child/staff ratio.

On a ongoing basis, all employees and volunteers counted in child/staff ratios must have a request for screening on file within ten days of employment or volunteering.

☐ No.

- Does the State require that child care providers report serious injuries that occur while a child is in care? ( Serious injuries are defined as injuries requiring medical treatment by a doctor, nurse, dentist, or other medical professional.)

☐ Yes. If yes, **describe** the State's reporting requirements and how such injuries are tracked (if applicable):

☒ No.

- Other methods used to ensure that health and safety requirements are effectively enforced:

Licensing requirements are enforced by regular unannounced and announced inspections. Sanitation and fire safety inspections are conducted once a year. The Department of Health and Senior Services inspects twice a year in addition to the separate Fire and Sanitation inspections. Missouri also has a progressive discipline process when providers do not correct rule violations that may include suspension, probation, denial or revocation of the license, or seeking injunctive relief through the circuit court in cases of imminent bodily harm to children in care.

## **6.7 Exemptions from Immunization Requirements**

The State assures that children receiving services under the CCDF are age-appropriately immunized, and that the health and safety provisions regarding immunizations incorporate (by reference or otherwise) the latest recommendations for childhood immunizations of the State public health agency. (§98.41(a)(1))

The State exempts the following children from immunization (check all that apply):

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

- ☒ Children who are cared for by relatives (defined as grandparents, great grandparents, siblings (if living in a separate residence), aunts and uncles).
- ☒ Children who receive care in their own homes.
- ☒ Children whose parents object to immunization on religious grounds.
- ☒ Children whose medical condition contraindicates immunization.

**PART 7**  
**HEALTH AND SAFETY REQUIREMENTS IN THE TERRITORIES**

*(Only the Territories complete Part 7)*

**7.1 Health and Safety Requirements for Center-Based Providers in the Territories**  
(658E(c)(2)(F), §98.41(a), §98.16(j))

For all center-based care, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)
- Building and physical premises safety
- Health and safety training

**7.2 Health and Safety Requirements for Group Home Providers in the Territories**  
(658E(c)(2)(F), §98.41(a), §98.16(j))

For all group home care, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)
- Building and physical premises safety
- Health and safety training

**7.3 Health and Safety Requirements for Family Providers in the Territories**  
(658E(c)(2)(F), §98.41(a), §98.16(j))

For all family child care, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)

- Building and physical premises safety
- Health and safety training

#### **7.4 Health and Safety Requirements for In-Home Providers in the Territories**

(658E(c)(2)(F), §98.41(a), §98.16(j))

For all in-home care, the following health and safety requirements apply to child care services provided under the CCDF for:

- The prevention and control of infectious disease (including age-appropriate immunizations)
- Building and physical premises safety
- Health and safety training

#### **7.5 Exemptions to Territorial Health and Safety Requirements**

At Lead Agency option, the following relatives may be exempted from health and safety requirements: grandparents, great grandparents, aunts, uncles, or siblings (who live in a separate residence from the child in care). (658P(4)(B), §98.41(a)(1)(ii)(A)). Indicate the Lead Agency's policy regarding these relative providers:

- ☐ **All** relative providers are subject to the same requirements as described in sections 7.1 - 7.4 above, as appropriate; there are **no exemptions** for relatives or different requirements for them.
- ☐ **All** relative providers are **exempt** from all health and safety requirements.
- ☐ **Some or all** relative providers are subject to **different** health and safety requirements from those described in sections 7.1 - 7.4 and the following describes those different requirements and the relatives they apply to:

#### **7.6 Enforcement of Territorial Health and Safety Requirements**

Each Lead Agency is required to certify that procedures are in effect to ensure that child care providers of services for which assistance is provided comply with all applicable health and safety requirements. (658E(c)(2)(E), §§98.40(a)(2), 98.41(d)) The following is a description of how Territorial health and safety requirements are effectively enforced:

Are child care providers subject to routine unannounced visits (i.e., not specifically for the purpose of complaint investigation or issuance/renewal of a license)?

☐ Yes. If yes, **indicate** which providers are subject to routine unannounced visits and the frequency of those visits:

☐ No.

Are child care providers subject to background checks?

☐ Yes. If yes, **indicate** which types of providers are subject to background checks and when such checks are conducted:

☐ No.

Does the Territory require that child care providers report serious injuries that occur while a child is in care? ( Serious injuries are defined as injuries requiring medical treatment by a doctor, nurse, dentist, or other medical professional.)

☐ Yes. If yes, **describe** the Territory's reporting requirements and how such injuries are tracked (if applicable):

☐ No.

Other methods used to ensure that health and safety requirements are effectively enforced:

## **7.7 Exemptions from Territorial Immunization Requirements**

The Territory assures that children receiving services under the CCDF are age-appropriately immunized, and that the health and safety provisions regarding immunizations incorporate (by reference or otherwise) the latest recommendations for childhood immunizations of the Territorial public health agency. (§98.41(a)(1))

The Territory exempts the following children from immunization (check all that apply):

- ☐ Children who are cared for by relatives (defined as grandparents, great grandparents, siblings (if living in a separate residence), aunts and uncles).
- ☐ Children who receive care in their own homes.
- ☐ Children whose parents object to immunization on religious grounds.
- ☐ Children whose medical condition contraindicates immunization.

**APPENDIX 1**  
**PROGRAM ASSURANCES AND CERTIFICATIONS**

The Lead Agency, named in Part 1 of this Plan, assures that:

- (1) upon approval, it will have in effect a program that complies with the provisions of the Plan printed herein, and is administered in accordance with the Child Care and Development Block Grant Act of 1990 as amended, Section 418 of the Social Security Act, and all other applicable Federal laws and regulations. (658D(b), 658E(a))
- (2) the parent(s) of each eligible child within the State who receives or is offered child care services for which financial assistance is provided is given the option either to enroll such child with a child care provider that has a grant or contract for the provision of the service; or to receive a child care certificate. (658E(c)(2)(A)(i))
- (3) in cases in which the parent(s) elects to enroll the child with a provider that has a grant or contract with the Lead Agency, the child will be enrolled with the eligible provider selected by the parent to the maximum extent practicable. (658E(c)(2)(A)(ii))
- (4) the child care certificate offered to parents shall be of a value commensurate with the subsidy value of child care services provided under a grant or contract. (658E(c)(2)(A)(iii))
- (5) with respect to State and local regulatory requirements, health and safety requirements, payment rates, and registration requirements, State or local rules, procedures or other requirements promulgated for the purpose of the Child Care and Development Fund will not significantly restrict parental choice among categories of care or types of providers. (658E(c)(2)(A), §98.15(p), §98.30(g), §98.40(b)(2), §98.41(b), §98.43(c), §98.45(d))
- (6) that children receiving services under the CCDF are age-appropriately immunized, and that the health and safety provisions regarding immunizations incorporate (by reference or otherwise) the latest recommendation for childhood immunizations of the State public health agency. (§98.41(a)(1))
- (7) that CCDF Discretionary funds are used to supplement, not supplant, State general revenue funds for child care assistance for low-income families. (P.L. 109-149)

The Lead Agency also certifies that:

- (1) it has procedures in place to ensure that providers of child care services for which assistance is provided under the Child Care and Development Fund afford parents unlimited access to their children and to the providers caring for their children during the normal hours of operations and whenever such children are in the care of such providers. (658E(c)(2)(B))
- (2) it maintains a record of substantiated parental complaints and makes information regarding such complaints available to the public on request. (658E(c)(2)(C))

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

- (3) it will collect and disseminate to parents of eligible children and the general public, consumer education information that will promote informed child care choices. (658E(c)(2)(D))
- (4) it has in effect licensing requirements applicable to child care services provided in the State. (658E(c)(2)(E))
- (5) there are in effect within the State (or other area served by the Lead Agency), under State or local law, requirements designed to protect the health and safety of children; these requirements are applicable to child care providers that provide services for which assistance is made available under the Child Care and Development Fund. (658E(c)(2)(E))
- (6) procedures are in effect to ensure that child care providers of services for which assistance is provided under the Child Care and Development Fund comply with all applicable State or local health and safety requirements. (658E(c)(2)(G))
- (7) payment rates under the Child Care and Development Fund for the provision of child care services are sufficient to ensure equal access for eligible children to comparable child care services in the State or sub-State area that are provided to children whose parents are not eligible to receive assistance under this program or under any other Federal or State child care assistance programs. (658E(c)(4)(A))

## APPENDIX 2 ELIGIBILITY AND PRIORITY TERMINOLOGY

For purposes of determining eligibility and priority for CCDF-funded child care services, lead agencies must **define** the following *italicized* terms. (658P, 658E(c)(3)(B))

- *attending* (a job training or educational program; include minimum hours if applicable) -  
Attending as necessary to maintain satisfactory progress, as defined by the institution or job training program.
- *in loco parentis* –  
A specified relative or legal guardian maintaining care and control of the child.
- *job training and educational program* -  
A program whose ultimate goal is that the participant will be employable and will have the skills necessary to become self-sufficient.
- *physical or mental incapacity* (if the Lead Agency provides such services to children age 13 and older) -  
Physical or mental incapacity as certified by a physician or psychologist or by receipt of SSI or Social Security Disability.
- *protective services* –  
Services available to prevent or remedy child abuse and neglect. This includes children in the custody of the Children's Division placed in Foster Care or guardianship placements, or receiving services through the Family Centered Services, Intensive In-home Services, and Adoption Subsidy programs.
- *residing with* –  
Living in the same physical residence or, in the case of a parent who is temporarily out of the home due to illness or injury, maintaining care and custody.
- *special needs child* –

A child with a special need is defined as one who is under age 18 or under age 19 but still in high school and who:

- Receives Foster Care payments through DSS;
- Receives Adoption Subsidy payments through DSS;
- Is under court ordered supervision;
- Is active on a Grandparents as Foster Parents case;
- Has a physical or mental incapacity;
- Is eligible for and receiving services under DMH;
- Receives SSI; or
- Is active in Children's Service Protective Service system.

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

In addition, a child with one or more of the following criteria may also be deemed as ‘special needs:’

- Specific disability information and characteristics,
- Diagnosed as having developmental disability, health or medical condition due to disability,
- Behavioral or emotional issues, learning disability, or developmental delays;
- Participation in special education (Early Childhood Special Education, or Special Education), early intervention (First Steps), or other special service programs administered through Department of Elementary and Secondary Education;
- Adaptation or modification of curriculum or environment; or special medical or health care training needed to provide care to a child.

Missouri makes a distinction between payment rates and prioritization for services of special needs children. (Section 3.2-598.43((d)) and 3.4.1)

- *very low income* –

Very low income is defined as households whose income does not exceed 15% of the State Medium Income. Very low-income households pay \$1.00 per year sliding fee.

- *working* (include minimum hours if applicable) –

Employment at a job or trade for which wages are received in compensation for services rendered.

- Additional terminology related to conditions of eligibility or priority established by the Lead Agency:

“Home” is interpreted to mean the family setting maintained or in the process of being established as evidence by the assumption and continuance of responsibility for the child.

A home exists so long as the parent or other eligible payee takes responsibility for the full physical care and control of child.

Circumstances may require temporary absence of either the child or the parent (or eligible payee) from the home. Temporary separation does not affect a child’s eligibility for child care so long as the parent or eligible payee retains responsibility for his/her care.

**Attachment 2.1.1**

**PROGRAM COORDINATION: EMERGENCY PREPAREDNESS**

While there is not a specific child care emergency preparedness plan, child care subsidy operations are incorporated in the statewide emergency response plan. System functions are tested yearly to ensure child care subsidy operations continue in the event of an emergency. The yearly testing exercise is in coordination with other public assistance programs in the state.

## Attachment 2.1.2

### GOOD START GROW SMART INITIATIVE

While the Missouri Department of Elementary and Secondary Education (DESE) is the lead agency for developing the PreK Standards, the process was a collaborative one. Committees for each domain represented the early childhood community in Missouri. This includes public schools, private schools, MO Departments of Education, Health (DHSS), Mental Health (DMH), Social Services (DSS), Head Start, childcare, higher education, curriculum/research specialists, Project Construct National Center, and Parents as Teachers National Center etc.

The PreK Standards are aligned with DESE's K-12 Standards and Head Start Performance Standards. The process is not framed by State legislation but has relied heavily on available research. The first step in the standards work was to develop a set of Guiding Principles, **before** the actual standards work. These guiding principles are included in each standards booklet.

In addition to the standards booklets, each domain also has a teacher handbook giving special educational resources (written by Project Construct National Center staff) and a parent booklet with tips for parents to use with their child at home (written by Parents as Teachers National Center staff).

The standards include the following domains:

- Early Literacy;
- Social and Emotional Development and Approaches to Learning;
- Mathematics;
- Science; and
- Physical Development, Health, and Safety.

At this time, use of the standards is voluntary. Distribution of the standards has been broad based and occurs in several ways. DESE sends to all public schools, and their programs, DHSS sends to all licensed child care providers, DSS to registered providers, Head Start Collaboration Office to all MO Head Starts, Parents as Teachers National Center to all Parents as Teachers programs in MO, and Project Construct National Center to all of their programs and trainings.

The standard are also available on the DESE internet web site at  
[http://dese.mo.gov/divimprove/fedprog/earlychild/PreK\\_Standards.html](http://dese.mo.gov/divimprove/fedprog/earlychild/PreK_Standards.html)

### IMPLEMENTATION PLAN:

Implementation of the Pre-K standards is accomplished by embedding them into various areas of training and professional development. Conferences and training, supported by state agencies, must identify which Core Competencies and PreK standards they address. Work is currently occurring to incorporate the standards into the state's Core Competencies for child care practitioners through OPEN. In addition, the Department of Health and Senior Services' Child Care Orientation Training (CCOT) provides a vehicle to train child care providers on the standards. Educare, a technical assistance and training resource for child care providers, provides training and technical assistance in the use of the standards for all child care settings with a focus on providers serving subsidized children.

**Attachment 2.2**

**SUMMARY OF PUBLIC COMMENTS:**

**JEFFERSON CITY HEARING (Note that these comments were from actual advisory committee, however providers were in attendance)**

Thank you for increases in rates and income. Were extremely needed and will help families and providers.

Congratulations to contract compliance unit for finding \$19.5 million in savings. Concerned that this might be one time and not sustainable and state needs to know how important this is to families.

Issue of cliff effect still needs to be addressed.

Disproportionate share enhancement needs to be reinstated. Sorely needed by providers to stay in business and maintain quality.

Sliding fee is difficult for parents to manage. When families become ineligible they have to choose between child care and working.

Grant programs, child care programs need additional funding for upkeep not just start up.

Need a visual grid of how different agencies and organizations relate to each other in regard to funding and programs. Could it include myths about Pre-K and QRS and how it works in other states. Show benefits to providers and families.

Would like to see nutrition component be more of a key indicator of quality in both subsidy and grant programs.

Would like to see a document showing mythbusters to cancel out miscommunication so we can focus on the work.

QRS can support quality and has an important role in subsidy.

Can QRS include nutrition component?

Ensure information on QRS gets out to the community.

**ST. LOUIS PUBLIC HEARING**

Need for universal Pre-K.

Flat fee for special needs instead of percentage. (Guidance to apply to private pay families regarding special needs rules.)

## **Attachment 2.2**

Time lapse between parental certification and notification of state rate needs to be shortened.

Coordination between when a child's services end and when the state actually ends payment. Earlier notification to the provider of closing.

Parents get behind in their co-payments and move on to another child care provider. Better process to prevent this from happening.

Better information to parents when applying that in addition to sliding fee providers may also charge an additional co-pay.

School-agers off in summer and Christmas holiday, problems getting authorizations changed from part-time to full time. Some kind of automatic change.

Notification that some providers may charge additional fee if children left in care exceeds normal hours of operation (typically 10 hours).

Review team duplicating services of licensing needs to be looked into.

Need to increase quality investment to assist providers in obtaining education and increased staffing.

Educare – need to get better word out on where they are located and what they provide.

Still need to increase income guidelines.

Start up and ongoing problems from inconsistencies between state and local (city and county) rules for business and licensing requirements.

Licensing staff criticizing other facilities.

Need more frequent rate increases.

### **CAPE GIRARDEAU HEARING**

Educare and R&R are indispensable. Valuable resource for both providers and parents.

Lack of incentives for providers to increase education and training (CDA). No monetary reward for completion (i.e. incentives, subsidy increases, etc.)

Accreditation is very doable and the support through Educare and R&R is what makes it doable. Being able to say to parents that we are accredited makes it worth it. Our children are worth it. MOA (Missouri Accreditation) on-line technology makes it easier.

## **Attachment 2.2**

TEACH is wonderful, needs continued support through both DESE and DSS and MOCCRRN. This is how you get more qualified teachers.

Need to continue to increase rates in proportion to cost to provider. Parents desperately want quality, but can't afford to pay more.

Need to look at cost not by area, but by what quality child care actually costs. Rural providers have same costs as metro.

Have to start charging state paid children an additional co-pay, otherwise private pay parents have to pick up the cost. Once becomes accredited will have to pay staff more and will price low income children out of facility. Concerned will lose low income children. Provider is torn as to whether to continue improving care which costs, or continue to care for low income children.

Low income parents will lose jobs without child care.

Need to address problem with automated system generating text pages for every invoice page. Will significantly reduce cost of paper and mailing.

QRS is a great idea. Gives facilities that are willing an incentive to go above and beyond the minimum.

Need to make sure family homes are represented on any advisory committees.

Would like to see an umbrella insurance program for child care providers. Is too costly for individual providers to purchase group policies. Losing experienced staff due to lack of insurance. Willing to pay premiums, just can't afford.

While big bucks are great, even very small incentives mean a lot. A \$100 check makes you feel appreciated. It is enough to keep dedicated providers in the field. (maybe through PARS, for CDA, AA, etc.)

Ongoing rewards to keep providers in the field versus start up and constantly bringing in new providers.

Need maintenance grants for upkeep.

### **SPRINGFIELD HEARING**

More timely accurate payment.

Cost for providing services is the same in rural areas as in metro but rates are less. Need to look at rate structure.

Should be proof that all licensed slots are filled before paying unlicensed providers.

## **Attachment 2.2**

Had at least 2 providers for subsidy children that had to close due to lack of timely payments.

Providers find themselves educating the FSD (Family Support Division) office. FSD staff need better training. Sometimes result of turnover.

Specific caseworkers fail to authorize timely.

Need additional child care authorization staff.

Consult R&R market rate information as well as DSS market rate data.

There are approximately 800 children in foster care in the Greene County area. Not paying enough for these children that often need care that is over and above typical care. Providers must limit the number of foster children they can accept due to economic issues even though they really want to take foster children into care. As a result, foster children with special needs often end up in low quality care when they could benefit the most from high quality care.

There are inconsistent definitions for special needs. Providers need better information and examples, including information on functional age.

Need assistance with reaccreditation to safeguard initial investment in becoming accredited.

Conflicting information when audited in regard to sign in and sign out information.

A lot of conflicting information and miscommunication seems to happen frequently.

Simplify the payment system. Reduce payment lag time.

Love on-line billing system.

Field workers and supervisors are not adequately trained on child care eligibility, payment processes, and provider requirements. Workers need to share better information about the sliding fee vs. co-payment with parents. Workers need to make sure authorizations are completed more timely and more accurately. Workers and supervisors need to be more responsive. Providers are get passed around a lot.

### **ST. JOSEPH HEARING**

Concerns about accuracy and integrity of on-line invoicing.

Pleased with progress on income limit and rate increases and encourage continued forward movement. (Particularly due to minimum wage and inflation.)

## **Attachment 2.2**

Concerns with foster children and all protective services children being able to access care due to requirement that provider can't charge co-pay. Provider may be losing as much as half the cost of child care.

Consider decreasing disproportionate share enhancement to allow providers to once again access.

Consider using QRS language (levels) as a quality indicator for rate enhancement and other supports, not just accreditation.

Eliminate or reduce the cliff effect.

Keep accreditation project in effect and add incentives and additional services throughout the accreditation process and for maintaining accreditation.

Providers only receive amended portion of cc contract each year, need a copy of original contract as it may not even be the same person who signed the original contract and need the contract details for reference.

Providers and parents need earlier notification when services are going to be suspended or changed.

Registered vendor process needs to be explained better. Has spent 4 months trying to have someone explain the process and keeps getting passed on.

Registration process is too slow particularly screening. Screening too costly for many providers.

Would like to see more of a tiered system between license exempt and licensed providers.

Reevaluate the MSA and county payment structure.

### **KANSAS CITY HEARING**

Registered providers are keeping more children than many licensed and accredited providers and don't have to meet the same stringent requirements as licensed and/or accredited providers. Please revisit the package (reimbursement) registered providers receive in comparison.

Why is food program reimbursement not equal across the board regardless of size or where you live?

If family home providers must meet the same accreditation standards as center providers, they should be compensated equally.

How will Universal Pre-K impact family home providers? It will negatively impact family home providers that have worked very hard to prepare children and they aren't ready.

## **Attachment 2.2**

The increased educational requirements are a great goal, but wages/subsidy does not support increased requirements. Parents can't afford to compensate. A 5% increase does not begin to compensate for salaries and benefits.

Funding should be increased for before and after school programming. Parents are in dire need, but can't afford to pay for services.

Difference in pay between Kansas City and St. Louis has been addressed before repeatedly. When is something going to change? And who can change it?

Providers are losing money to hire qualified staff. If we want higher quality the state must pay. Family child care has progressed from the 90's but needs help to continue to sustain and progress.

Accreditation needs to be revisited. Accrediting organizations come out every 5 years. Huge teacher turnover as they progress in education levels. As soon as teachers get higher degrees, they leave for the school districts or other places that pay higher or provide benefits. Providers then have to start from scratch with untrained staff.

Family child care providers must be represented on any committees with decision making or advisory power.

### **COLUMBIA HEARING**

No one attended Columbia public hearing.

The child(ren) listed below is(are) eligible for child care benefits beginning with 03-15-2001 through 02-28-2002. In order to receive these benefits, you must find a child care provider. Your child(ren) is(are) now on a waiting list since you do not have a provider. If you do not find a child care provider within the next thirty (30) days, your household's eligibility for child care assistance may end.

Please notify your worker when you locate a child care provider. Your household's eligibility for child care assistance may be redetermined at that time.

Name of child(ren)                      DCN

Child 1                                      2222222222

Child 2                                      3333333333

The net countable income was determined with the following formula: adjusted gross income of \$900.00 minus medical insurance premiums of \$0.00 = net countable income of \$900.00.

**IF YOU:**

- \* DISAGREE WITH THIS DECISION,
- \* DISAGREE WITH THE AMOUNT OF THE SLIDING FEE FOR CHILD CARE,
- \* HAVE QUESTIONS REGARDING THIS NOTICE, OR,

***The child(ren) listed below are eligible for child care assistance from 02-27-2001 through 01-31-2002. The Division of Family Services will pay your child care provider for a portion of your child care expenses. In order to receive this payment, your child care provider must send us child care invoices on a monthly basis. Invoices must be signed by your child care provider. Certain providers must also send in attendance sheets, which track the hours and days when care is provided. You must sign these attendance sheets on a daily basis. Sliding fee amounts are based on your child care household's size and income. Sliding fee amounts for your household are listed below. If the amount listed is \$0.00 (zero,) your required sliding fee amount is actually one dollar per year. This amount is automatically withheld form the first check issued to your provider each year. Sliding fee amounts do not apply to children with defined special needs.***

If your provider charges more than the state maximum, it is your responsibility to pay this excess amount to your provider.

Information about Registration, Health and Safety Certification, Background Screening, and Invoicing.

MISSOURI DEPARTMENT OF SOCIAL SERVICES  
DIVISION OF FAMILY SERVICES  
INCOME MAINTENANCE

**CHILD CARE PROVIDER REGISTRATION, HEALTH AND SAFETY  
CERTIFICATION, BACKGROUND SCREENING AND INVOICING INFORMATION**

**REGISTRATION/HEALTH AND SAFETY CERTIFICATION/BACKGROUND SCREENING**

In order for certain families to qualify for state assistance with payment for child care services, they must use a provider who is registered with the Missouri Division of Family Services.

Registration is a simple process. To register, you must:

1. Fill out the enclosed Child Care Provider Registration Form. By signing this form you are stating that all information given on the form is true. Return the form to your local Division of Family Services office immediately.
2. Provide proof of your Social Security Number or federal or state tax identification numbers if for a business or organization.
3. Complete the enclosed Caregiver Background Screening Form. Any other household members age 18 or older must also complete the background screening form. By signing this form you are agreeing to the following screenings:
  - Child Abuse or Neglect History
  - Family Foster Care Licensing
  - Child Day Care Licensing
  - State Criminal Background History

If the screening does find a Child Abuse or Neglect history, revocation of Foster Care or Day Care license, or a specified felony/misdemeanor conviction in the Criminal Background Check, you will not be eligible to receive payment from the Division of Family Services as a registered child care provider. The family can not be reimbursed for payments made to a child care provider if any of the above screenings reveal this information. No payment can be made until the background screening has been completed and returned showing no history on the stated screenings.

4. You will also receive the Provider Health and Safety Certification form. By complying with the requirements of this form you are meeting certain guidelines of the Child Care and Development Fund. Complete this form and return it to the local Division of Family Services office along with the other forms. The Child Care and Development Fund requires that the provider meet health and safety requirements before the family becomes eligible to receive assistance with child care services. Payment can not be made for services provided without receipt of this form by the Division of Family Services. Therefore, it is important that you return this completed form as soon as possible.

**CHILD CARE INVOICES**

As a child care provider, you will receive payment directly from the state for child care services you provide to eligible families. You will receive an authorization letter when the child is determined eligible. This letter gives specific payment information for that child. You will then receive an invoice in the mail at the end of each month. You must complete this invoice and return it to the local Division of Family Services office for payment. Payment is received approximately two weeks after the form is received in the county office.

Along with these forms, you will receive the Child Care Provider Agreement. If you agree to accept the child into care, you and the parent of the child named on the form must co-sign the form and return it along with the Registration form, Caregiver Background Screening form, and Health and Safety Certification form to the local Division of Family Services office.

Return these forms to the Division of Family Services office located at:

If you have questions regarding completion of the forms mentioned above, contact:

**CHILD CARE PROVIDER HEALTH AND SAFETY CERTIFICATION**

DFS USE ONLY

PROVIDER NAME: \_\_\_\_\_

PROVIDER DVN: \_\_\_\_\_

In order to receive payments from the Division of Family Services and Child Care and Development Fund, the child care provider is required to comply with the health and safety requirements outlined in this notice.

**CHILD HEALTH AND IMMUNIZATIONS**

**MISSOURI LAW 210.003 REQUIRES CHILD CARE PROVIDERS CARING FOR TEN (10) OR MORE CHILDREN TO OBTAIN FROM THE FAMILY VERIFICATION THAT THE CHILD HAS BEEN IMMUNIZED AGAINST CERTAIN INFECTIOUS DISEASES.**

• MISSOURI LAW ALSO REQUIRES SCHOOL-AGE CHILDREN TO BE PROPERLY IMMUNIZED BEFORE ENTERING SCHOOL.

• IF YOU CARE FOR TEN (10) OR MORE CHILDREN:

1) THE DEPARTMENT OF HEALTH REQUIRES YOU TO FILE A YEARLY SUMMARY REPORT NO LATER THAN JANUARY 15 OF EACH YEAR.

2) ATTACH A COPY OF THIS IMMUNIZATION SUMMARY REPORT TO THIS HEALTH AND SAFETY CERTIFICATION.

3) IF YOU DID NOT FILE AN IMMUNIZATION SUMMARY REPORT, CONTACT THE MISSOURI DEPARTMENT OF HEALTH, BUREAU OF IMMUNIZATION, P.O. BOX 570, JEFFERSON CITY, MO 65102. (573) 751-6133.

• IF YOU CARE FOR LESS THAN TEN (10) CHILDREN:

1) REVIEW THE PAMPHLET PROVIDED BY THE DIVISION OF FAMILY SERVICES REGARDING PREVENTION AND CONTROL OF INFECTIOUS DISEASES.

2) REFER FAMILIES TO THEIR FAMILY PRACTITIONER OR THE LOCAL PUBLIC HEALTH DEPARTMENT WHEN A CHILD IS IN NEED OF IMMUNIZATIONS.

**FIRE SAFETY REQUIREMENTS**

**IN ORDER TO RECEIVE CHILD CARE PAYMENTS FROM THE DIVISION OF FAMILY SERVICES, YOU MUST BE IN COMPLIANCE WITH ALL LOCAL FIRE AND SAFETY CODES.**

• IF YOUR LOCAL CODE REQUIRES YOU TO HAVE A FIRE INSPECTION FOR YOUR FACILITY OR FOR YOUR HOME, IF YOU PROVIDE CHILD CARE SERVICES IN YOUR HOME, YOU MUST:

1) ATTACH A COPY OF THE LOCAL FIRE INSPECTION CERTIFICATE OR REPORT.

2) TELL US THE NAME OF YOUR LOCAL FIRE DISTRICT: \_\_\_\_\_ NEXT INSPECTION DUE: \_\_\_\_\_.

• IF YOU LIVE IN AN AREA THAT HAS NO LOCAL FIRE CODES, YOU MUST MEET THE FOLLOWING REQUIREMENTS:

1) DEVELOP A FIRE EVACUATION PLAN

2) POST YOUR WRITTEN FIRE EVACUATION PLAN IN A VISIBLE LOCATION IN YOUR FACILITY.

3) HAVE AT LEAST ONE (1) WORKING SMOKE ALARM.

4) HAVE AT LEAST ONE (1) WORKING DRY CHEMICAL FIRE EXTINGUISHER THAT:

• IS EASILY ACCESSIBLE.

• MEETS MINIMUM CLASSIFICATIONS WITH A CODE OF 1A10BC, IF YOU CARE FOR LESS THAN TEN (10) CHILDREN, OR

• MEETS MINIMUM CLASSIFICATIONS WITH A CODE OF 2A10BC, IF YOU CARE FOR MORE THAN TEN (10) CHILDREN.

**COMPLAINTS AGAINST CHILD CARE PROVIDERS**

• COMPLAINTS AGAINST PROVIDERS THAT DO NOT FOLLOW THE HEALTH AND SAFETY REQUIREMENTS ARE INVESTIGATED BY THE DIVISION OF FAMILY SERVICES.

• THE DIVISION OF FAMILY SERVICES ENDS PAYMENTS TO CHILD CARE PROVIDERS WHO DO NOT FOLLOW THE HEALTH AND SAFETY REQUIREMENTS.

**CHILD CARE PROVIDER CERTIFICATION**

**BY SIGNING THIS FORM, I CERTIFY THAT**

• I am committed to providing a healthy and safe environment for the children in my care.

• I have complied with the health and safety requirements as listed above.

• I have provided proof that I have complied with these health and safety requirements to the families with children in my care.

• I have completed the child care provider background screening form to check for child abuse/neglect, criminal conviction, foster care license revocation and child care license revocation. All household members over the age of 18 have also completed the background screening.

• I have been tested for Tuberculosis (TB).

• I have immediate access to a telephone, or have notified the parent(s) that I do not have immediate access to a telephone.

• Payments from the Division of Family Services may end if I do not follow the above health and safety requirements.

PROVIDER SIGNATURE \_\_\_\_\_

DATE \_\_\_\_\_

**PARENT CERTIFICATION**

**BY SIGNING THIS FORM, I CERTIFY THAT:**

• I AGREE THAT THE ABOVE STATEMENTS ARE TRUE AND MY CHILD'S CAREGIVER MEETS THE HEALTH AND SAFETY REQUIREMENTS AS OUTLINED ABOVE.

• Child Care Provider Agreement Form (continued)

MISSOURI DEPARTMENT OF SOCIAL SERVICES  
DIVISION OF FAMILY SERVICES  
**CHILD CARE PROVIDER AGREEMENT**

**DFS USE ONLY**

PROVIDER NAME

PROVIDER DWN

**CHILD CARE PROVIDER BILLING REQUIREMENTS CONTINUED**

Collect the sliding fee charge from families required to pay it according to the authorization notification.

Complete an invoice sent to them by the Division. This invoice allows the provider to bill the Division for child care services rendered to eligible children.

Submit invoices for one entire month of care on the first of the month after care was provided.

Accept payment from the Division on behalf of eligible families and children which is made the month after child care services were rendered, or, Within thirty days of receipt of the billing invoice, if the invoice was not received at the Division in a timely manner.

Complete the attendance log on a daily basis and send it with the billing invoice.

Bill the Division only for services that are authorized by the Division.

The provider may not charge for more than eleven (11) holidays per state fiscal year which occurs July 1, through June 30.

In order to claim a day as a holiday, it must be a day that the provider would have normally been open for business and care was not provided only due to the holiday. A holiday or provider vacation day may be claimed for any one of the standard legal holidays or any substitution of the provider's choice.

A provider will not be paid for more than eleven (11) holidays/vacation days in any given fiscal year.

Standard legal holidays listed by state fiscal year:

Independence Day  
Labor Day  
Veteran's Day  
Thanksgiving Day  
Christmas Day  
New Year's Day

Martin Luther King's Birthday  
Lincoln's Birthday  
Washington's Birthday  
Harry S. Truman's Birthday  
Memorial Day

The provider may claim a total of five (5) child absences or holidays per month for those children who are authorized for five days of care per week.

The provider may claim a total of three (3) child absences or holidays per month for those children authorized for less than five days per week.

Absences and holidays are paid for days the child would normally be in care.

Absences and holidays will not be paid for any days after a child has left your care.

**CHILD CARE PROVIDER REPORTING REQUIREMENTS**

**The PROVIDER agrees to:**

Report changes to the local Division office, such as:

Changes in the provider's address,

Changes in the provider's status with Missouri Department of Health,

Changes in the provider's eligibility for tiered payments such as accreditation, disproportionate share, and care of a child with special needs,

Changes in the provider's rates for care,

Children not attending care as authorized or those that have left care without notice.

Notify the parents and the Division if the facility closes or if the provider chooses to discontinue service to any family.

**The DIVISION agrees to:**

Issue payments to valid providers for services in which the child is eligible, authorized and received.

Issue tiered payments to a provider for evening/weekend care, accreditation, disproportionate share, and care of a child with special needs.

Give technical assistance to the child care provider in completing the billing invoice.

Give clarification of this agreement when requested by either the family or provider.

Offer professional development opportunities to child care providers on a non-discriminatory basis.

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

• Child Care Voucher Participant Agreement Information Form **Attachment 3.1.1(7)**

As a child care provider, you may qualify to receive payment directly from the Division of Family Services (DFS) for child care services you provide for the child named on the enclosed Child Care Voucher Participant Agreement Form, if this child is determined eligible by DFS to receive subsidized child care.

If you agree to accept state payment for this child, and the child is determined eligible by DFS for subsidized child care:

1. **AGREEMENT:** You will sign and return to DFS the enclosed Child Care Voucher Participant Agreement and certain registration and health and safety forms, if required.
2. **PAYMENT:** The state will pay you directly up to the geographic state maximum for your area which is shown on the enclosed child care rate chart, less and sliding fee the family may be required to pay.
3. **SLIDING FEE:** Some families may be required to pay a portion of the child care fee. The portion the family is required to pay is called the "sliding fee". This fee is based on the family's gross monthly income.
4. **AUTHORIZATION LETTER:** If the family's application is approved, you will receive an authorization letter verifying that the child is eligible and for what services. If changes occur, you will be sent a new authorization letter notifying you of the changes in service for which the child is authorized.
5. **ATTENDANCE SHEETS:** The county DFS office will provide you with a supply of attendance sheets. You will record the days and hours that you care for the child, co-sign the form with the child's parent/guardian and submit the attendance sheet, along with an invoice, to DFS each month.
6. **INVOICE:** You will receive an invoice at the end of each month, which you will complete, based the child's attendance, and submits to DFS for payment.

**NOTE:** Money received through child care vouchers will be reported to the Internal Revenue Service (IRS) as income to you. At the end of each year, you will receive a 1099 tax form to use when filing your income tax return.

**AGREEMENT:** If you are willing to comply with the terms of the enclosed Child Care Voucher Participant Agreement, you and the child's parent/guardian must co-sign the agreement and return the original, signed agreement to your DFS Office.

If you have not previously completed and submitted the IM-91, Child Care Provider Registration Form to the local DFS office, you must do so prior to receiving payment. Your Child Care Voucher Participant Agreement will indicate if an IM-91 is required.

Certain child care programs require that the child care provider meet additional requirements in order to receive payment for services. You may be required to meet certain minimum certain minimum health and safety standards. If so, your Child Care Voucher Participant Agreement will indicate if you must complete and return the IM-92, Child Care Provider Health and Safety Requirements Form.

Failure to return the IM-92 immediately to the county office may delay payment or cause ineligibility for payment.

**PAYMENT:** The state has set maximum payment rates based on the county in which your facility is located. Maximum payment rates are based on the age of the child, the hours the child needs care, the type of facility you operate, and the county in which your child care facility is located. You do not, however, automatically receive the state maximum. If you charge less than the state the state maximum, you will receive payment based on the rate you actually charge. You will be paid at the rate shown on the enclosed child care rate chart or the amount you actually charge for care, whichever is less, minus any sliding payment from the parent/guardian (see below). If you charge more than the state maximum payment, it will be your responsibility to negotiate this extra payment with the family in the form of a co-payment.

**EXAMPLE:** You charge \$9.00 per day. The state maximum is \$6.00 per day. The family is not required to pay a sliding fee. The State will send you a check for \$6.00. You will negotiate payment with the family for the \$3.00 co payment. The co-payment is the amount you charge minus the state payments.

**SLIDING FEE:** In some situations, the family may be required to pay a sliding fee, based on income, in addition to the state payment. If so, the authorization letter states the amount the family is required to pay. It will be your responsibility to collect the family's sliding fee portion of the payment.

**EXAMPLE 1:** John Smith is authorized for full day care, 5 days per week from 01/01/92 through 12/31/92. The following daily rates apply: Provider Charge - \$10.00, Sliding Fee - \$.75, State Pay - - \$9.25.

**EXAMPLE 2:** You charge \$8.00 per day. The state maximum is \$5.00 per day. The family's sliding fee is \$1.00 per day. The state will send you a check for \$4.00 which is the \$5.00 state maximum minus the family's sliding fee. You will negotiate payment with the family for the \$1.00 sliding fee plus the \$3.00 co-payment. In this instance, the co-payment is the amount you charge minus the total of the state payment and the client's sliding fee.

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

• Child Care Voucher Participant Agreement Information Form,(continued)

**AUTHORIZATION LETTER:** DFS will notify you when and if the child is determined eligible for services by way of an authorization letter. This authorization letter states the services for which the child is authorized and the rates DFS will pay you for providing these services. If changes occur in services provided, you will be sent a new authorization letter notifying you of these changes.

The authorization letter will tell you , by way of a 8-digit service authorization code, what services the child is authorized for.

The first digit tells you whether the child is approved for family home (f), group home (G), or center based (C) child care.

The second and third digits tell you the age group under which the child has been approved -- infant under age 2 (IN); preschool ages 2 up to, but not including, age 5, 5 hours of care per day; or (P) part-day, at least 1/2 up to, but not including, 3 hours of care per day.

The fifth digit tells you if the child is approved on a (W) weekly, (M) monthly, or (S) single service basis. The last 3 digits tell you how many days per service period the child is authorized.

Payment will not be made for a higher rate of care than a child is authorized. For example, if a child is only authorized for half day care and the child is there for a full day, payment will be made at the half day rate unless prior agreement has been obtained from the DFS child care worker for occasional full day care.

**EXAMPLE 1:** A three-year old is authorized for full day care with a family home child care provider. This child's' service authorization code is FPSF W005 for Family PreSchool full day care 5 days per week.

**EXAMPLE 2:** A 7 year old is authorized for part day care with a center based provider. This child's service authorization code is CSAP M020 for Center School Age Part day care, 20 days per Month.

**ATTENDANCE SHEETS:** If you choose to accept vouchers, you will receive a supply of attendance sheets to keep track of when care is provided. Complete the attendance sheet on a daily basis and have the parent sign the attendance sheet each month on the last day service is provided for that month. Payment is obtained by submitting the original form, co-signed by both you and the parent/guardian, at the end of each month, along with the child care invoice (see below), to the Division of Family Services office in the county in which the child resides.

**INVOICE:** During the 1st week of each month, you will receive an invoice on which you enter the days of services you provided, during that month. This invoice is completed based on the child's attendance sheet for that month. You must return this form to the local Division of Family Services Office as soon as possible after the end of each service month.

Payment is issued on the first of three monthly child care payrolls following receipt of your invoice. Closing dates for the three payrolls are the fourth, ninth, and fourteenth working days of each month. Checks are issued approximately one week after the payroll closing date.

**GENERAL INFORMATION:** The advantage of the Child Care Voucher Program to you, as a child care provider, is that if you meet the requirement set forth in this letter by completing and returning the appropriate forms, and if the child is determined eligible for services payment for this child's care, at the rate indicated is assured by the State within program guidelines.

If you agree to accept this child into care if the child is determined eligible for subsidized care, and if you and the child's parent(s) agree to the conditions listed on the enclosed Child Care voucher Participant Agreement, sign the Child Care Voucher Participant Agreement form and return the original to the DFS office at the address listed on the agreement. Both the provider and the parent/caretaker should keep a copy of the agreement form for their records.

If you have questions regarding our child care program in general or the child care voucher program, please contact our officer at the address indicated on the enclosed Child Care Voucher Participant Agreement.

**2 SECTION C: AUTHORIZATION TO RELEASE BACKGROUND SCREENING INFORMATION**

The information provided is complete and accurate to the best of my knowledge. I understand it is unlawful to withhold or falsify information required on this form. I grant my permission for the Missouri Department of Health and Senior Services to obtain any and all background information authorized by section 210.900 to 210.936, RSMo., to process this request. Furthermore, I authorize the Missouri Department of Health and Senior Services to release the fact that I am a registrant in the Family Care Safety Registry and any related background information contained in the Family Care Safety Registry to the requestor for employment purposes only, as provided in §210.921, subsection 1, subdivisions (1) and (2), RSMo. For purposes of the Family Care Safety Registry, "employment purposes" includes direct employer-employee relationships, prospective employer-employee relationships, and screening and interviewing of persons or facilities by those persons contemplating the placement of an individual in a child-care, elder-care or personal care setting. I understand that if I dispute the information contained in the Family Care Safety Registry I have the right to appeal the accuracy in the transfer of information to the Registry within thirty (30) days of receiving the results of the background screening determination.

SIGNATURE OF APPLICANT (REQUIRED IN INK)

DATE

**SECTION D: REQUEST FOR PROVIDER OR HOUSEHOLD MEMBER BACKGROUND INFORMATION (TO BE COMPLETED FOR NEW REGISTRANTS ONLY – DUPLICATES WILL BE RETURNED)**

I certify that my request for background information on the individual identified in Section B of this form is for employment purposes only. For purposes of the Family Care Safety Registry (FCSR), "employment purposes" includes direct employer-employee relationships, prospective employer-employee relationships, and screening and interviewing of persons or facilities by those persons contemplating the placement of an individual in a child-care, elder-care or personal care setting. In the event that the background screening performed upon the individual identified in Section B of this form indicates that there is information identified in any of the sources checked by the FCSR, I request that the specific information related to this finding be provided to me. I have read and understand the following: 1) FCSR information provided consists only of information relative to the State of Missouri and does not include information from other states or information that may be available from other states; 2) any person who uses the information obtained from the FCSR for any purpose other than that specifically provided for in sections 210.900 to 210.936, RSMo., is guilty of a class B misdemeanor, and 3) when any FCSR information is disclosed the Department of Health and Senior Services will notify the registrant of the name and address of the individual making the request.

*WHAT IS THE FAMILY CARE SAFETY REGISTRY?*

*The Family Care Safety Registry (FCSR), administered by the Missouri Department of Health and Senior Services, provides families and other employers with a method to obtain background screening information. The Registry, through various state agencies, offers several resources to screen child-care, elder-care and personal care workers and child-care and elder-care providers:*

1. State criminal history information maintained by the Missouri State Highway Patrol
2. Sex Offender Registry information maintained by the Missouri State Highway Patrol
3. Child abuse/neglect records, maintained by the Department of Social Services
4. The Employee Disqualification List, maintained by the Department of Health and Senior Services
5. The Employee Disqualification Registry maintained by the Department of Mental Health
6. Child-care facility licensing records, maintained by the Department of Health and Senior Services
7. Foster parent, residential care facility, and child placing agency licensing records, maintained by Department of Social Services
8. Residential living facility and nursing home licensing records, maintained by the Department of Health and Senior Services

**2.1 WHO HAS TO REGISTER?**

Any person hired on or after January 1, 2001, as a child-care worker or elder-care worker, or hired on or after January 1, 2002 as a personal care worker, as defined in §210.900, subsection 2, RSMo, is required to make application for registration in the Family Care Safety Registry within fifteen (15) days of the beginning of employment. **Such person who fails to submit a completed registration form to the Department of Health and Senior Services without good cause, as determined by the department, is guilty of a class B misdemeanor.**

**HOW DO I COMPLETE THE REGISTRATION FORM?**

Section A: Provider Name – List the name of the Department of Social Services registered child care provider.

Section B: Provider and Household Member – List your full name, social security number, and date of birth. The provider, and every member of the household over 17 years old, must complete and submit a separate DEPARTMENT OF SOCIAL SERVICES CHILD CARE PROVIDER REGISTRATION BACKGROUND SCREENING REQUEST.

Section C: Authorization to Release Background Check Information - Sign and date the registration form. Your signature will authorize the Family Care Safety Registry to conduct the background screening outlined in §210.903.2, RSMo and to provide the information to requestors for “employment purposes”, as provided in §210.921.1, RSMo.

Section D: Request for Provider or Household Member Background Screening Information - Per §210.903.2, RSMo "employment purposes" includes "screening and interviewing of persons or facilities by those persons contemplating the placement of an individual in a child-care"..."setting." The Office of Early Childhood has a signature on file with the Family Care Safety Registry. This signature certifies that the request for background information is for employment purposes only. The requestor understands that the information provided is relative to the state of Missouri only and does not include any other information on file with another state, that the registrant will be notified in writing that a request has been received and requestor's name and information provided to the employer identified in this section, and that any person who misuses the information is guilty of a class B misdemeanor including the specific background screening information.

*WHERE DO I SEND MY REGISTRATION FORM?*

Send your completed registration form, a photocopy of your social security card and a \$5.00 check or money order FOR EACH FORM SUBMITTED to the Missouri Department of Health and Senior Services, Fee Receipts Unit, P.O. Box 570, Jefferson City, MO, 65102. If you have questions about this form or the Family Care Safety Registry, please call the Registry using the toll-free telephone number, 1-866-422-6872. If you have questions about registration with the Department of Social Services in order to receive payment for services provided to families receiving child care assistance, contact your local Family Support Division Office.

**WHEN WILL I KNOW THE RESULTS OF MY BACKGROUND CHECK?**

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

After the background screening has been completed, you will be notified in writing of the results that will be recorded in the Family Care Safety Registry. You will also be notified in writing each time background screening information is provided. The notification will contain the name and address of the person who made the request and the background information disclosed. The person making the request will be informed that information will be released for employment purposes only as defined pursuant to §210.921.1, RSMo. **Any person using Registry information for any other purpose is guilty of a class B misdemeanor.** Prior to disclosing information, the Registry obtains the name and address of the person calling, and determines that the request is for employment or regulatory purposes. To ensure you receive these notifications, it will be important for you to notify the Family Care Safety Registry when you have a change in your mailing address. You can send address changes to Family Care Safety Registry, P.O. Box 570, Jefferson City, MO, 65102. State agencies can request information for licensure or regulatory purposes. Child care providers applying for registration for subsidy payments from the Family Support Division fall into this category. They are self-employed, and have applied to enter into a payment agreement with the Department of Social Services. This information is also reported to the Internal Revenue Service (IRS). Contact the IRS at 1-800-829-1040 for answers to your tax related questions.

**WHAT IF I DON'T AGREE WITH THE RESULTS OF MY BACKGROUND CHECK?**

*Pursuant to §210.912, RSMo, you have the right to appeal the information transferred onto the Family Care Safety Registry. Your right to appeal is limited only to the accuracy in the **transfer** of information from the state agency that maintains the background information (see list of agencies, above) and does not include a right to appeal the accuracy of the **substance** of the information transferred. An appeal needs to be filed in writing at the Office of the Director, Missouri Department of Health and Senior Services, P.O. Box 570, Jefferson City, MO, 65102, within 30 days of receiving the results of the background screening determination. An administrative appeal shall be set within 30 days of the filing of the appeal and a decision shall be made within 60 days. This right to appeal is in addition to any other appeal rights granted by state law. **If you wish to appeal the decision made by the Department of Social Services on your application for registration for subsidy child care, you must contact your local Family Support Division Office.***

**WHAT INFORMATION WILL BE DISCLOSED BY THE FAMILY CARE SAFETY REGISTRY?**

*Disclosure of background information on a person registered in the Family Care Safety Registry is limited. A FCSR worker will first confirm whether the person in question is registered. If the person is registered, the FCSR will then disclose whether the person's name is listed in any of the background checks pursuant to §210.903, subsection 2, RSMo, and if so, which one. **Specific information will be disclosed by the FCSR to agencies licensed by the state of Missouri by phone, fax or mail.** Family Care Safe Registry applications for the purposes of registration for a payment agreement with the Department of Social Services, will generate detailed information directly to the Office of Early Childhood.*

CHILD CARE MARKET RATE SURVEY

1. Which type(s) of child care do you provide? (Circle all that apply.)
- A. Full-day care (5 or more hours per day)
  - B. Half-day care (at least 3 hours, but less than 5 hours per day)
  - C. Part-day care (at least 1½ hours, but less than 3 hours per day)
2. Indicate below the **DAILY** rate that you charge parents for **ONE** child before multi-child discounts are applied. For this question and question number four, show the amount you would normally charge for a child who does **NOT** receive state subsidy. Do **NOT** include enhancement payments you receive from the state for accreditation, disproportionate share, or special needs. **(If you charge by the week, divide by 5 to obtain the daily rate. If you charge by the month, divide by 22 to obtain the daily rate. If you charge by the hour, multiply the hourly rate by the number of hours per day that care is provided.)**

Complete the boxes only for the care that you provide.

**REGULAR DAYTIME RATES**

	Number of children enrolled by age group	Full-Day Rate per Child (5 or more hours)	Half-Day Rate per Child (3-5 hours)	Part-Day Rate per Child (less than 3 hours)
Infant/Toddler (under 2 years)				
Preschool (2 to 5 years)				
School Age (5 years & over)				

3. Do you provide evening or weekend care? A. Yes B. No
4. If you answered “yes” to question 3, please report your rates below, following the directions for question 2.

**EVENING/WEEKEND RATES**

	Number of children enrolled by age group	Full-Day Rate per Child (5 or more hours)	Half-Day Rate per Child (3-5 hours)	Part-Day Rate per Child (less than 3 hours )
Infant/Toddler (under 2 years)				
Preschool (2 to 5 years)				
School Age (5 years & over)				

5. Where do you provide child care? (Circle only one.)
- A. My residence B. Church-based facility C. School-based facility
  - D. Child’s home E. Other location
6. Do you give discounts for caring for more than one child in the family?

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

A. Yes

B. No

7. Are you accredited by a nationally-recognized accrediting organization?

A. Yes

B. No

8. Do you have any staff or partners that assist you on a regular basis?

A. Yes

B. No

9. What is the average salary at your facility for the following positions? (Use the following definitions for guidance since actual job titles you use may be different.)

- Executive Director is responsible for program administration, planning, development, and may be responsible for the management of more than one child care facility.
- Program Director, Assistant Director, Supervisor/Manager/Site Coordinator position is responsible for day-to-day on-site operation of the program, including program administration, planning, development and curriculum.
- Group- or Family-Home Owner/Director is responsible for every aspect of the program, including: program administration, planning the learning environment and curriculum, documenting child observations and assessments, partnering with families and community members and organizations, and educating children/youth.
- Lead/Head Teacher or Co-Teacher is responsible for a child or group of children/youth, documents child/youth observations and assessments, and works with families and community partners. May be responsible for some management, curriculum & planning tasks and/or assumes charge if a director is temporarily absent from the center/program.
- Assistant Teacher supports lead teacher in carrying out the program's learning environment and curriculum; also in charge of a child or a group of children/youth.
- Teacher's Aide supports lead teacher in carrying out the program's learning environment and curriculum.

**Center and Group Home**

(Circle one)

A. Executive Director \$ \_\_\_\_\_ per Hour per Week per Month

B. Program/Asst. Director,  
Sup./Mgr./Site Coordinator \$ \_\_\_\_\_ per Hour per Week per Month

C. Group Home  
Owner/Director, \$ \_\_\_\_\_ per Hour per Week per Month

D. Lead Teacher \$ \_\_\_\_\_ per Hour per Week per Month

E. Asst. Teacher \$ \_\_\_\_\_ per Hour per Week per Month

F. Teacher's Aide \$ \_\_\_\_\_ per Hour per Week per Month

**Family Home**

A. Owner/Director \$ \_\_\_\_\_ per Hour per Week per Month

B. Assistant Teacher \$ \_\_\_\_\_ per Hour per Week per Month

C. Teacher's Aide \$ \_\_\_\_\_ per Hour per Week per Month

10. Do you accept subsidy payments from the state?

A. Yes

B. No

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

---

11. Do you have your subsidy payment from the state deposited directly into your bank account?

A. Yes

B. No

(If you answered "no" to the above question, please complete question 12. If you answered "yes" to the above question, please skip to question 13.)

12. Is the reason you do not use direct deposit because:

A. You do not have an open bank account (checking or savings account);

B. You did not know direct deposit was an option;

C. You do not understand how to access direct deposit as an option;

D. Other (please describe)\_\_\_\_\_

13. Do you submit your monthly attendance on line through the Child Care Online Invoicing System?

A. Yes

B. No

(If you answered "no" to the above question, please complete question 14. If you answered "yes" to the above question, please skip to question 15.)

14. Is the reason you do not use the Child Care Online Invoicing System because:

A. You do not have a computer or access to the internet;

B. You did not know online invoicing was an option;

C. You do not understand how to access online invoicing as an option;

D. Other (please describe)\_\_\_\_\_

15. Have you ever called the Family Support Division Information Line (1-800-392-1261)?

A. Yes

B. No

(If you answered "yes" to the above question, please complete questions 16 and 17. If you answered "no" to the above question, please skip to question 18.)

16. Was the Info Line easy to use?

A. Yes

B. No

17. Was the Info Line helpful?

A. Yes

B. No

18. If you answered "no" to question 16 or 17, please explain.

19. Do you have any suggestions for ways in which the Department of Social Services could serve you better?

*Thank you very much for your participation in this survey.*

A summary of Missouri's Market Rate Survey may be accessed at [http://www.dss.mo.gov/pr\\_cs.htm](http://www.dss.mo.gov/pr_cs.htm).

STATE PLAN FOR CCDF SERVICES  
FOR THE PERIOD 10/1/07 – 9/30/09

**Attachment 3.2C**

**Department of Social Services Day Care Base Rates  
with Disproportionate Share Enhancement**

The department encourages providers to accept subsidized children through a disproportionate share add-on. This provides a 30% add-on for providers with a caseload of 50% or more subsidized children. The table below reflects the department's base rate with the disproportionate share add-on. These rates are then compared to the most recent child care market survey (2006-2007).

<b>Daytime Infant Care Rates Compared to DSS Base Rates with Disproportionate Share Add-On</b>

**Department of Social Services Day Care Base Rates  
with Accreditation Enhancement**

The Department of Social Services (DSS) promotes high-quality day care in Missouri. The day care rate structure includes an enhancement to recognize accredited child care providers. In Missouri, these providers receive a 20% add-on to the base rate. The table below reflects the department's base rate with accreditation compared to the most recent child care market survey (2006-2007).

Daytime Infant Care Rates Compared to DSS Base Rates with Accreditation Add-On							
Area	Type of Care	Full-Time Daytime Infant Care Rates				DSS Base Rate with 20% Accreditation Add-On	Percentile for DSS Base Rate with 20% Accreditation Add-On

**Attachment 3.3.2**

**1210.025.05.05 COMPUTING MONTHLY GROSS INCOME**

'Monthly gross income' means the average monthly amount of total income received by all members of the family unit before deductions. This total gross income amount should include income from all sources including, but not limited to: wages, adjusted gross income from self-employment, adjusted gross income from farm income, social security, dividends, interest, etc.

**1210.025.05.15 UNEARNED INCOME**

Unearned income for all members of the family unit is considered in determining monthly gross income. (See Exclusions from Monthly Gross Income, [1210.025.10.](#))

NOTE: Temporary Assistance grants and Child Support payments are considered part of the family unit's gross income.

**1210.025.05.20 IRREGULAR OR SPORADIC INCOME**

If the household has been receiving irregular or sporadic earned or unearned income over a period of one (1) year or more, divide the income received over the last twelve (12) months by twelve (12) to arrive at a monthly amount.

If the household has been receiving irregular or sporadic earned or unearned income for a period of less than one (1) year, average the amount of income during this period.

If the family's current income shows a substantial increase or decrease, a representative period of the irregular or sporadic income should be used to determine the average monthly amount. During the authorized child care eligibility period, it is the household's responsibility to inform FSD of changes in income.

**1210.025.05.25 INCOME FROM SELF-EMPLOYMENT**

For self-employed households, income is computed as follows:

1. If the participant has been self-employed for one (1) year or more, divide the income received over the last 12 months by 12 to arrive at a monthly amount.
2. If the participant has been self-employed for less than one (1) year, average the amount of self-employed income over the period of time the business has been in operation to arrive at a monthly amount.
3. If the current monthly amount does not reflect the household's normal monthly income because of a substantial increase or decrease in business, use a representative period of earnings to determine the household's average monthly earnings.

### **1210.025.05.30 DEDUCTIONS FROM SELF-EMPLOYMENT INCOME**

Consider and subtract the following overhead expenses from the gross income to arrive at an Adjusted Gross Income for self- employed households.

1. **BOARDERS - Food** - allow the monthly Food Stamp issuance amount for a one person household per each boarder.
2. **SALES** - The cost of operation of a vehicle (current state reimbursement rate), and the cost of supplies (as paid).
3. **JOB RELATED COSTS** - For the person furnishing his/her own tools, equipment, transportation, etc. The cost, as paid, is an allowable deduction.
4. **FARM INCOME** - The cost (as paid) of feed, seed, fertilizers, tools, equipment repair and replacement, labor, cost of operation for farm machinery, shipping costs, custom work, and land rental or ownership costs.
5. **BUSINESS INCOME** - The cost (as paid) of tools, equipment repair and replacement, labor, cost of operation of equipment, purchase of materials, supplies, or stock of goods, rental or ownership costs and utilities on separate business establishment, and subcontracting cost.
6. **INCOME PRODUCING PROPERTY** - Cost (as paid) of ownership (mortgage or contract payment, taxes, insurance, repairs), utilities, labor, and supplies.

### **1210.025.05.35 MILITARY INCOME**

The amount of military income sent to the family unit from a family member stationed away from the residence of the family unit is counted as gross income to the family.

The military family member stationed away from the residence, is not counted in determining household size.
